DigiGST is a software tool (which may be provided through hardware such as Compact Discs, etc.) built on a secure technology platform that provides end-to-end support in Goods and Services Tax (GST) compliance. The software tool is designed to ensure compliance and governance for organizations under the GST regime. The software tool will include services such as facilitation for taxpayers in uploading GST returns securely on to the GST Network (GSTN) in a prescribed format. The software tool will also include services provided by GST professionals by way of preparing monthly and annual GST returns basis taxpayer data, enabling reconciliation of returns for appropriate and timely credits. DigiGST will also entail conducting training masterclasses and educating organisations (and providing material for the same) in the manner in which GST returns can be uploaded using the software tool.
