and detectors; sensors and detectors for data collection for the purposes other than medical; sensors for collecting data transmission to insurance in connection with the state of goods; sensors for collecting data transmission to insurance in connection with the state of business premises; sensors for collecting data transmission to insurance in connection with the state of housing; sensors and detectors for the collection, processing and data transmission using the internet of technology goods; data-gathering apparatus; software for the distribution of data; motion sensors; beam optical sensors; infrared sensors; sensors for detecting, counting and monitoring of people; computer software for operating, monitoring and control anti-theft alarms, inventory control systems, anti-theft devices, monitoring devices for monitoring of persons and goods; hardware and software for connecting apparatus, systems and devices; hardware and software for operating, control, management and monitoring of systems, apparatus and devices; aspx hardware and software for the remote control, remote operation, remote monitoring and remote management of systems, apparatus and devices; hardware and software for the remote control, remote operation, remote monitoring and remote control apparatus, systems and devices, control, operating, monitoring and management of cloud being of metal, via the internet or wireless networks; life saving and protecting equipment; protective helmets; fire alarm systems; electric control panels; touch sensitive control panels; repeaters; devices; thermostats; wireless fire alarm systems; fire detectors; smoke detectors; carbon monoxide detectors; heat detectors; fire sensors; fire hoses; fire hose nozzles; alarms against fire; smoke alarms; carbon monoxide alarms; escape routes; fire beaters; fire engines; sprinkler systems for fire protection; fire trucks; fire cars; fire engines; extinguishers; fire boats; fire-resistant covers; fire-resistant clothing; fire-resistant gloves; fire-resistant suits; apparatus for fire protection; fire detection apparatus; fire-extinguishing apparatus; apparatus for fire extinguishing; fire extinguishing systems; fire suppression systems; fire sprinkler systems for fire protection; a head of sprinkler systems for fire protection; detection and control equipment for smoke; equipment for control and detection of heat; equipment for detection and for fire control; automatic fire extinguishing equipment; electric fire alarms; ice breakers housings for fire; asbestos screens for firemen; sprinkler systems for fire extinguishing; rescue ladders (safety equipment); fire-extinguishing apparatus for automobiles; sprinkling devices for fire control; alarms for the detection of inflammable gases; the dispersion systems using chemical foam and/or powder; storage containers for fire-extinguishing agents; flame detection instruments; fire suppression nozzles; equipment for dry chemical dispersing chemicals and foam fire fighting apparatus; fire extinguishing apparatus; security systems; safety systems; personal security alarms; electronic safety markers; radio frequency identification markers (RFID); electromagnetic markers; acoustomagnetic tags; radio frequency identification tags (RFID); magnetic labels; acoustomagnetic tags; readers for radio frequency identification (RFID); electromagnetic drives; acoustomagnetic players; sensors for radio frequency identification (RFID); electromagnetic sensors; acoustomagnetic sensors; transmitters for radio frequency identification (RFID); electromagnetic transmitters; acoustomagnetic transmitters; receivers for radio frequency identification (RFID); electromagnetic receivers; acoustomagnetic receivers; electric controllers for acoustomagnetic sensor detection systems; electronic controllers for RFID readers; automatic access security apparatus; downloadable security software; systems software for controlling the environmental, access and security of a building; control panels for security alarms; motion detectors; input devices for detecting movement; electronic motion sensitive switches; motion sensors for security lighting; electronic sensors; security alarm systems; systems for wireless security alarms; anti-theft alarms; keyboards for anti-theft alarms; control panels for anti-theft alarms; electronic article surveillance devices; electronic apparatus for monitoring and tracking; intercoms; intercom apparatus; waste and public address systems; nurse call systems; monitoring devices; vehicle tracking apparatus; radar systems; sonar systems; digital signage; mass notification systems; head protection; eye; ear protection; face protection; safety helmets; protective helmets and clothing; insulating breathing apparatus; breathable compressed air tanks for use by emergency personnel services; face masks for breathing; communication devices; safety clothing for use by firefighters, industrial workers first speakers, and military personnel; personnel tracking systems; personal security alarm systems; respirators for filtering air; filters for respiratory masks; gas masks; flame detection apparatus; air breathing apparatus; respiratory equipment for air purification; infrared location; computer software for use in management for emergency management, providing tracking, monitoring and tracking the personal emergency services and their equipment and apparatus; gathered and transmission of voice, data and video across multiple network infrastructures and communications protocols; hardware and systems for monitoring and data collection on the goods and information systems; two-way radio sets and devices, microphones and loudspeakers and amplifiers for wireless voice thereof; electronic devices for assistance to emergency personal services relating to assistance for persons who need, including sensors for determining status of people and electronic apparatus for sending alerts emergency personnel services; apparatus for monitoring the size, the number, flow management and moving objects in a zone: apparatus, electronic controllers and access to devices of monitoring and tracking of goods and of personnel; position markers; personnel encoded identification badges; patient encoded bracelets; markers tracking of goods; capacity temperature sensors with radio communication and low frequency, infrared; wireless input modules for electronic data reading devices and systems for monitoring and personal articles; computer software for access to physical objects, goods and buildings; software for collecting information for the management and inventory of goods, control anti-shoplifting and loss prevention, condition monitoring devices, the traffic patterns of customer compliance, analysis transactions in a retail outlet, video enabled applications and store execution functions; application software; application software for use with mobile electronic devices; application software for wireless devices; computer software for monitoring and controlling devices and systems for the management of roads and tunnels; flame detectors; flue gas detectors; gas sensors; gas alarms; gas testing instruments; gas detecting apparatus, including gas detection apparatus and wireless mobile alarm; alarm devices in case of gas leakage; gas testing instruments; alarm stations; control devices; devices for programmable logic controller (PLC) (API); aerosol delivery systems for biological and chemical decontamination; fire hose.

Cl.11: Apparatus for lighting, heating, steam generating, refrigerating, drying, ventilation, water supply and sanitary purposes; air cleaning devices; pressure tanks and parts thereof; hydrants; fire fans for removal of smoke, gas and vapors; air flow regulators to retard and development of a fire; reduction of air and for slowing the progress of a fire; emergency lighting; Emergency lighting apparatus emergency lighting installations; security lighting; lamps for security lighting; motion sensitive security lights; lighting for use in security systems; security lighting incorporating heat activated sensor, motion sensor-activated or by using infrared activated sensor; Regulating and safety accessories for water and gas installations; security lights; fittings and valves of metal for pipes and water installations; fittings and valves of metal for pipes and gas installations and safety accessories; regulators and safety accessories; regulators and safety accessories, boilers and burners; filters for industrial use; heating equipment, ventilation and air conditioning, air purification; air treatment equipment; HVAC systems (heating, ventilating and air-conditioning).

Cl.17: Pipes, tubes and hoses and nozzles thereof, including valves, not of metal; articles and barrier and insulating
materials; heat-insulating materials and items; electrical insulating materials and articles; materials and articles of fire-resistant and fire prevention; fire seals; fire-resistant expansion joints; fire-resistant insulating boards; glass fiber fireproof textiles; dilatant cushions for preventing the progression of a fire; light mineral wool boards for fire protection; containing polyamide foam laminate for fire retarder; safety curtains; barriers for protection against heat; insulation with sealing functions for heat protection; casings for pipes of rubber for protection; insulators for use in the protection of buildings; plastic; molded and extruded plastic in the form; tubes; pipe couplings and joints not of metal; fluid seals; joints for pipes; fluid pipes and connectors and attachments therefor.

Cl.19: Materials and building parts and building; doors, gates, windows and window coverings not of metal; information and advertising screens not of metal; emergency panels not of metal; tubes and pipes and attachments therefor, including valves, not of metal; fireproof bricks; fireproof clay; fireproof tiles; fire-resistant wood; fireproof cement coatings; fire retarder glass for building; fire-resistant collars for pipes (not of metal); non-metal fire-resistant glazing; fire protection screens not of metal for electric cables and conduits; fire inhibiting chipboard panels for building; fire proof boards (not of metal) for use in building; fire seals in the form of building materials; fire retarder panels for building not of metal; fire protection materials for building not of metal; non-metal fire doors; ducts not of metal; plastic; security windows allowing communication; safety glass for use in building; safety roller shutters non-metallic building materials; security door casings not of metal for building; non-metallic safety gratings for the exterior of buildings; outdoor portable safety boxes made of non-metallic materials; protective glass; non-metallic security doors; heat protective glass for building.

Cl.35;Retail sale services; inventory services; inventory management services; inventory services, namely computerized inventory control; tracking and monitoring of business transactions; sales volume tracking for others; stock control services; advice and information in the fields of inventory management of cloud and cloud not; advice and information in the field of cloud goods and tracking cloud not, namely monitoring and tracking inventory of cargo, and preparation of business reports; business consultancy services relating to quality study; collection and systematization of business data; commercial information services; data collection; provision of assistance, business management and administration services; analysis, research and business information; market study; collection and systematization of business data; commercial information services; data collection; provision of business statistical information; preparation of business reports; business consultancy services relating to quality management.

Cl.36;Insurance underwriting; financial affairs; monetary affairs; real estate affairs; Guarantee services; insurance; evaluation of insurance; fire insurance underwriting; advice on fire insurance; financial services; insurance services; investment services; underwriting services; providing financial data; the provision of financial data for insurance services; the provision of data for financial investment services; the provision of data for financial underwriting services; Provision of financial information; provision of financial information for insurance services; the provision of information for financial investment services; the provision of information for financial underwriting services.

Cl.37;Cleaning and maintenance; installation, maintenance and repair of alarms for safes and locks; installation, maintenance and repair of HVAC (heating, ventilating and air-conditioning); repair and maintenance of buildings; repair of fire alarms; Installation of fire alarms; fire protection during construction; installation of fire detection systems; the repair of damages caused by fire; fire extinguisher recharging services; installation of fire-resistant coatings; maintenance and servicing of fire alarm installations; advice services with regard to the installation of fire prevention equipment; providing information on repair or maintenance of fire alarms; installation of security systems; installation of security fences; repair of security locks; installation of security apparatus; application of security glazing films; maintenance and servicing of security alarms; installation of safety equipment; information services relating to the installation and maintenance of security systems; advice services with regard to the installation of safety equipment; construction, repair, installation, inspection, maintenance, integration and evaluation in connection with systems for fire protection, electric systems, alarm systems and security, ventilation, nozzles, valves and valve actuators, equipment and electronic monitoring apparatus, systems management of traffic and transport, heating and temperature detection; rental of machines and equipment relating to building sites; installation, maintenance and repair services for apparatus of fire protection and fire, apparatus for monitoring and security apparatus and systems in connection with these; installation and maintenance of systems for fire protection; technical consultancy in the field of building engineering; advisory services relating to the installation and maintenance of responding to and control of alarms and security alarms; advisory services relating to the installation and security and maintenance of security systems for vehicles and vehicle navigation; repair of clothing for protection against fire; installation, repair and maintenance of burglar alarms, keyboards anti-theft alarm and control panels for anti-theft alarms, the magnetic and electromagnetic detectors, transponders, the antennas, encoded micro particles, electronic equipment for detecting, radio frequency identification (rfid), labels, markers, readers, sensors, transmitters, receivers and microwave electrical controllers, electromagnetic radio frequency and acoustomagnetic, electric apparatus for monitoring and tracking customer, apparatus for electronic monitoring and tracking, the stain removers and deactivators for use in marking labels and inventory control and anti-theft equipment, deactivators the including hooks, markers, marker stain removers, including hooks.

Cl.38;Telecommunication services; the transmission, reception and processing of sound; electronic mail and messaging services; computer communication and access to the Internet; data transmission; computer transmission; transmission of digital information; wireless electronic transmission of data; transmission of telecommunications and electronic transmission; providing access to internet sites using a technology that enables users to view, track, programming, control and management systems, heating electric, energy level security and residential and commercial.

Cl.41;Education; providing of training; publication and reporting; competitions, conferences and exhibitions; teaching and education; technical training relating to fire risks; training in fire fighting; technical training relating to safety; training in health and safety.

Cl.42;Scientific and technological Services and research and design relating to the; industrial analysis and research services; design and development of computer hardware and software; development, programming and installation of software; development of computer hardware; services, hosting of software as a service and rental of computer software; rental of computer hardware facilities; advice and information for computer; computer security, protection and restoration; copying and data conversion; data encoding services; testing, quality control and authentication; design.
services; design and paper making systems for fire extinguishing; technical advice relating to fire prevention; data
security; computer security consultancy; research relating to safety; monitoring of computer security systems; design,
development and programming of Internet security programs; rental of Internet security programs; data migration
services; design services relating to anti-theft alarms, keyboards anti-theft alarm and control panels for anti-theft alarms,
the magnetic and electromagnetic detectors, electronic equipment for detecting, electronic equipment for detecting
labels, markers, readers, sensors, transmitters, receivers and microwave electrical controllers, electromagnetic radio
frequency and acoustomagnetic, electronic apparatus for monitoring and tracking customer, apparatus for electronic
monitoring and tracking, the stain removers and deactivators for use in marking labels and inventory control and anti-
theft equipment, deactivators the including hooks, markers, marker stain removers, including hooks; design of computer
software for monitoring and controlling of roads and tunnels; design of computer software for monitoring urban traffic;
scientific and industrial research; engineering consultancy services; design services relating to protection systems and
fire extinguishing and and security systems tracking and apparatus for these systems and computer software for these
systems and apparatus; maintenance of computer software systems for protection and fire extinguishing systems and
security and monitoring for these systems and apparatus; design services relating to the management of traffic and
transport systems and systems for about telecommunication; design and engineering of heating and cooling systems and
detection systems; technical project studies; technological consultancy services for fire prevention; quality control; on-
site inspection of goods for quality control; Check and inspection services for alarm devices in the event of fire; check
and inspection services for fire suppression systems; check and inspection services for security and video surveillance
equipment; check and inspection services for smoke detectors; check and inspection services for fire extinguishers;
check and inspection services for intrusion systems; check and inspection services for sprinkler systems; check and
inspection services for emergency lighting; check and inspection services for security systems; design of fire protection
systems; design of security systems; design of solutions for the retail trade; development and testing of devices.
Apparatus and equipment for fire extinguishing; computer programming relating to tracking, monitoring and processing
images; analysis, collection of information and consultancy services relating to traffic piétonne; design and development
of home security systems; systems analysis and engineering in the field of home security systems; operation of
computer and computer networks; operation of computer systems and internet technology that allows the user to keep track of or remote monitoring of electrical systems, heating and energy security, and that
enables users to fit the use energy-defined or pre-programmed times; operation of computer systems and computer
networks using a technology that enables monitoring and remote control, by wireless communication, of devices for
monitoring and controlling of electricity, heating and energy security; providing updates of information technology for
domestic security systems via the global computer network; design of protective clothing; providing access to non-
downloadable software; providing access to non-downloadable software for use with apparatus, security systems and
devices, health, and removing of fire detection, access control, anti-intrusion, customers, of tracking, inventory loss
prevention, services for companies and individuals, customer traffic, environmental management of lighting and energy;
providing software as a service; providing temporary use of non-downloadable software for tracking packages and freight
over computer networks, the Internet or intranet systems; providing software as a service for use with apparatus, security
systems and devices, detection, health and fire suppression, monitoring of burglar and security, access, customers, of
tracking loss prevention, inventory, services for companies and individuals, customer traffic environmental, energy
management, and lighting; consultancy and design services, integration and support in the field of computer hardware
and software, devices and hardware and software and systems; cloud computing services for the management,
maintenance, the diagnosis, monitoring and control apparatus, security systems and devices, health, and removing of fire
detection, access control, anti-intrusion, customers, of tracking, inventory loss prevention, services for companies and
individuals, customer traffic, environmental management of lighting and energy; services for computer systems and
management, environmental energy, access and security in buildings for heating, ventilation and air conditioning, lighting
of buildings; advice and information relating to energy and management of cloud (cloud; calibration measuring services;
technological services for energy management of a building; technological services relating to the environment
of buildings, lighting control and monitoring systems for HVAC systems; technological services for systems controlling
access to buildings of the environment; advice and information in the field of technical apparatus and computer
software and systems cloud and management of cloud not of energy, management lighting and lighting and energy.

Cl.45: Security services for the protection of property and individuals; security services, security, safety and care; fire
fighting services; maintenance of fire alarms; fire prevention consultation; rental of fire extinguishers; rental of fire
alarms; the information on rental of fire alarms and fire-extinguishing apparatus; services of fire detection and removal;
advice relating to fire prevention; consulting services for assessing fire places; alarm monitoring; monitoring of security
systems; monitoring of burglar alarms and security; electronic monitoring services for security purposes; security
guards; guards of metal for buildings; information relating to security guards; the reaction of services and alarm
verification; tracking and monitoring of alarm and security systems, systems water flow and home automation;
centralized burglar or fire alarms; systems for access control to buildings, heating security services, ventilation and air
conditioning, lighting of buildings; security services in the field of monitoring and telephone calls from subscribers and
notifying emergency facilities; recovery of stolen goods; management services for pets, homes, people and businesses;
advice, including through a call center, for any of the above-mentioned services; concierge services for others, namely
conducting personal arrangements and reservations and custom providing customer-specific information to meet
individual needs relating to all the above mentioned services; rental of fire fighting equipment and monitoring systems related to fire
protection and fire-extinguishing and and security systems tracking and apparatus for these systems and computer
software for these systems and apparatus; control security systems for buildings; access control; services of intrusion
detection and monitoring; surveillance services; closed circuit surveillance; rental of apparatus and equipment for safety
monitoring; reconnaissance and surveillance services; scientific analysis of video surveillance for the prevention of theft
and escroqueries; monitoring cloud services; cloud closed circuit surveillance; cloud rental of apparatus and equipment
for monitoring cloud security; cloud services in reconnaissance and surveillance; scientific analysis video monitoring
cloud for the prevention of theft and escroqueries; tracking and monitoring equipment for computer security, life-saving,
safety and performance; cloud security services for the protection of property and individuals; advice and information
in the field of security, detecting fire suppression and access control, anti-intrusion prevention, and loss environment in the
cloud and buildings not cloud and apparatus in the fields, security systems and devices, and removing of fire detection,
access control, anti-intrusion prevention, and environmental loss of buildings.

Cl.9; Monitors [computer hardware]; downloadable image files; optical apparatus and instruments; network communication equipment; monitoring apparatus, electric; camcorders; portable media players; cameras [photography]; protection devices for personal use against accidents; theft prevention installations, electric; computer programs [downloadable software]; pedometers; time recording apparatus; video telephones; transducers; remote control apparatus; eyeglasses; light-emitting electronic pointers; measuring instruments; apparatus for recording distance; speed checking apparatus for vehicles; speed indicators; apparatus and instruments for physics; inductors [electricity]; chips [integrated circuits]; mechanisms for coin-operated apparatus.

Cl.35; Advertising; on-line advertising on a computer network; presentation of goods on communication media, for retail purposes; import-export agencies; sales promotion for others; relocation services for businesses; accounting; sponsorship search; providing business information via a web site; systemization of information into computer databases.

Cl.38; Message sending; communications by telephone; satellite transmission; computer aided transmission of messages and images; providing telecommunications connections to a global computer network; providing internet chatrooms; providing access to databases; transmission of digital files; providing online forums; radio broadcasting.

Cl.41; Game services provided on-line from a computer network; providing on-line videos, not downloadable; club services [entertainment or education]; photography; toy rental; personal trainer services [fitness training]; providing on-line electronic publications, not downloadable; videotape publishing; instruction services; arranging and conducting of conferences.

Cl.42; Monitoring of computer systems by remote access; software as a service [SaaS]; electronic data storage; technical research; design of interior decor; material testing; meteorological information; dress designing; authenticating works of art.
Cl.45: Monitoring of burglar and security alarms; security consultancy; dating services; on-line social networking services; rental of fire alarms; adoption agency services; chaperoning; house sitting; clothing rental; copyright management.

Cl.9: Computer chips; semiconductors; semiconductor chips; microprocessors; central processing units; integrated circuits; integrated circuit modules; circuit boards; data communication circuits; integrated circuit chips; sensor chips for wireless communications; computer hardware; computer networking hardware; communications hardware; satellite communications equipment; network communications hardware; telecommunications hardware; converged network interfaces; network devices; network equipment; memory devices; integrated circuit modules; communications computers; firmware; electrical couplers; optical couplers; electric cables; electrical connectors; electric converters; distance measuring apparatus; electricity conduits; fiber optic cables; optical cables; cables for optical and electrical signal transmission; attenuators; computer switches; ethernet switches; high frequency switches; telecommunication switches; computer network hubs, adapters, servers, switches and routers; transmitters; receivers; wireless network and wireless sensor data integration equipment, namely, evaluation boards and extension modules; power control circuits; network switches to enable cloud networking and cloud computing; computer cables; computer peripherals and parts and fittings therefor; apparatus and instruments for recording, processing, receiving, reproducing, transmitting, modifying, compressing, decompressing, broadcasting, managing, manipulating, merging and enhancing sound, video, images, graphics, information, text and data; photographic instruments and apparatus; apparatus and instruments for use in video-conferencing and teleconferencing; computers; laptops; tablet computers; telephones; mobile telephones; cellular phones; headsets; digital media players, drives and recording apparatus; media players; computer keyboards; photocopiers; computer memory; computer mouse; personal digital assistants (PDAs); data processing equipment; network controllers; controller interface modules; wireless access point devices; computer monitors; set top boxes; video recorders and video reproducing apparatus; cameras; global positioning systems; global navigation satellite systems; multimedia projectors; electronic scanners; electronic book readers; printers; audio speakers; audio receivers; video receivers; headsets; wireless headsets; handheld computers; audio visual communication devices; electronic encryption units; computer software and hardware for encryption; alarms; radios; televisions; mobile telephone cases; telephone cases; wearable computers; wearable digital electronic device; wearable activity trackers; wearable computer peripherals; digital media hubs, receivers, and servers; home networking modules comprising electrical components and associated wiring; cable connectors; decoders; motherboards and daughter boards; electronic sensors; digital sensory devices; digital electronic controllers; sensory controllers; storage controllers, devices and controller interfaces; ethernet transceivers, adapters and controllers; remote control devices; wireless battery chargers; wireless and wired controllers, controlled devices, and electronic sensors for home, office, industrial and vehicular automation devices; electronic proximity sensors and switches; Near Field Communications (NFC) tags; Near Field Communications (NFC) technology-enabled devices and readers; electronic devices for sensing and monitoring environmental conditions; electronic devices for sensing and monitoring location, position and movement; electronic devices for communicating sensed data with other devices; optically or electronically stored manuals and instructional material; application software; computer software; embedded computer software; software for controlling and using integrated circuits; computer software to control computer network switches, computer switches, communication network switches and ethernet switches; computer software and embedded computer software for implementing, enabling and controlling ethernet networks and broadband communication networks; amplifiers; power amplifiers; transistors; radio frequency mixers and multipliers; vehicle locating and tracking apparatus; vehicle climate control apparatus; power switches; microphones; frequency converters; diodes; light emitting diodes (LEDs); electric diodes; Film Bulk Acoustic Resonator (FBAR) filters, duplexers, multiplexers; radio frequency filters; radio frequency converters; power inverters; batteries; antennas; computer chips and modules for wired and wireless communications, data communications, and multi-media communications; integrated circuits and integrated circuit modules for use in wireless communications and wireless communication equipment; semiconductors, semiconductor chips, computer chips, computer hardware, integrated circuits, computer networking hardware, and software for communication, wireless communication, connectivity, interoperability, storage, Near Field Communication (NFC) and network security; integrated circuits for controlling hard disk drives; integrated circuits for processing data read from, and written to, hard disk drives; integrated circuits for controlling multi-protocol input/output operations; network adapter cards for connecting a host computer to a computer network; integrated circuits for controlling the storage of data on a peripheral storage device connected to a host computer; integrated circuits for expanding the number of peripheral devices connected to a host computer; integrated circuits for connecting multiple devices to a host computer over a PCI (Peripheral Component Interconnect) compliant connection; integrated circuits for enabling PCI (Peripheral Component Interconnect) and USB compliant network buses to communicate with a PCI (Peripheral Component Interconnect) express compliant network bus; integrated circuits for interfacing a PCI (Peripheral Component Interconnect) compliant network bus with a local network bus on an adapter card; integrated circuit for controlling a USB compliant peripheral device attached to a PCI (Peripheral Component Interconnect) express compliant network bus; host bus adapter cards for enabling a peripheral
device to communicate with a host computer; host bus adapter cards for enabling a fiber channel compliant peripheral device to communicate with a host computer; computer hardware for managing remote computer server systems; computer hardware for temporarily storing data on a storage controller card connected to a host computer when the host computer fails; computer hardware for enabling a host computer to access a peripheral storage device directly attached to another host computer; telecommunications hardware and software for monitoring and controlling devices via wireless and wired networks; computer hardware in the fields of wireless products and chips for development, testing and verification of software and wireless connectivity; telecommunications and data networking hardware, namely, devices for transporting and aggregating voice, data, sound, images, graphics, information, and video communications across multiple network infrastructures and communications protocols; apparatus and instruments for the generation of vision signals; storage controller cards for controlling the storage of data in a group of peripheral storage devices connected to a group of host computers and enabling an active storage controller to control the storage of data associated with a failed storage controller card; storage controller cards for controlling the storage of data on a peripheral storage device connected to a host computer; software for use in the manufacture of semiconductors and integrated circuits and infrared transceiver controller software; computer software for managing the storage of data on a peripheral storage device; computer software for securing data stored on a peripheral storage device; computer software for controlling the storage of data in a group of peripheral storage devices connected to a group of host computers and enabling an active storage controller to control the storage of data associated with a failed storage controller card; computer software for temporarily storing data on a storage controller card connected to a host computer when the host computer fails; computer software for managing remote computer server systems; computer software for managing host bus and network adapter cards across a computer network; computer software for designing PCI (Peripheral Component Interconnect) compliant integrated circuits; software used to determine the content of data being transferred by communication circuits in the field of network communications; software for processing, managing, and manipulating digital data and information for use in electronic media applications, for the operation of voice over IP (VoIP), electronic media applications, wireless access points, and wired and wireless connectivity hardware, for electronic networking, and for controlling and using integrated circuits; software in the fields of wireless products and chips for development, testing and verification of software and wireless connectivity; software and firmware for using and controlling wired and wireless broadband communication technology, for bridging, routing, and connecting digital data and information, for use in electronic media applications, for bridging, routing and connecting broadband equipment, and to enable wired and wireless communication; computer firmware and software for using and controlling wireless communication technology and wireless communication devices; software for communication, wireless communication, connectivity, interoperability, storage, Near Field Communication (NFC) and network security; software for designing and implementing wireless enabled products in the nature of software development kits (SDKs), application programming interfaces (APIs) and integrated development environments (IDEs); software for designing wireless applications in the nature of software development kits (SDKs), application programming interfaces (APIs) and integrated development environments (IDEs); software for designing embedded wireless communications and networking applications, in the nature of software development kits (SDKs), application programming interfaces (APIs) and integrated development environments (IDEs); computer application software for mobile devices and computers, namely, software for home, health, office, industrial and vehicular control and automation; computer application software for mobile devices and computers, namely, software for controlling and communicating data with electronic devices and sensors; downloadable mobile applications for controlling and communicating data with electronic devices and sensors; computer application software for mobile devices and computers, namely, software for gyroscope, acceleration, temperature and positional assessment, control and evaluation.

Cl.42; Computer software design; computer system design; computer hardware design; computer firmware design; integrated circuit design; computer chip design; semiconductor design; semiconductor chips design; computer networking hardware design; design for others in the field of computers, communications and networks; computer network services; computer software consultancy; consultancy in the design and development of computer hardware; technical research; website design services; computer systems analysis; computer time-sharing services; research and development of computer hardware and software; installation of computer software; rental and leasing of computers; updating of computer software; maintenance of computer software; hosting of websites; technological advice relating to the fields of computer hardware, computer software, computer networks and the Internet; quality control for others; cloud computing; technological consultancy; computer network configuration services; computer programming services; computer and network security consultancy; computer technology consultancy; customizing computer software and firmware; data decryption services; data encryption and decoding services; engineering services; product development services; providing information in the field of computers, semiconductors, integrated circuits and technology via a website; consultancy, design, testing, research and advisory services, all relating to computing, computer programming and networks; design of audio and audiovisual systems; design of home entertainment systems; computer programming services to create online facilities that will provide telecommunications support; design and development of software and hardware for audio and video operators; design and development of wireless communication systems for transmission and reception of voice, data and video; computer consultation in the field of computers and data security; design and testing of computer hardware, namely, semiconductors and integrated circuits and related software; technical consultancy relating to the design of semiconductors, integrated circuits and software related thereto; information, consultancy, technical, and advisory services relating to all the aforesaid services including such services provided online or via the internet.

Cl.9: Apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, dvds and other digital recording media, data processing equipment, computers; computer software; media content; audiovisual teaching apparatus; bags adapted for laptops; CDs; CD-ROMs; compact disc players; computer game software; software for playing games on mobile phones, tablets or portable computers; computer software, recorded; computer programs, recorded; computer programs [downloadable software]; software for mobile phones, tablets and portable computers; downloadable software for mobile devices; computer keyboards; computer peripheral devices; computer memory devices; computers; data processing apparatus; disk drives for computers; disks, magnetic; downloadable music files; downloadable image files; downloadable text files; downloadable video files; downloadable exam papers; downloading quizzes; downloadable assessment criteria; downloadable educational materials; downloadable periodical publications; downloadable journals; downloadable dictionaries; downloadable reference books; downloadable lecture notes; downloadable educational worksheets; downloadable slide presentations; downloadable flashcards; downloadable vocabulary lists; DVDs; electronic publications, downloadable; electronic pocket translators; floppy disks; interfaces for computers; laptop computers; magnetic data media; magnetic tapes; magnetic disks; monitors [computer hardware]; mouse pads; notebook computers; tablet computers; portable computers; optical discs; optical data media; pocket calculators; portable telephones; mobile telephones; smartphones; handheld electronic devices for teaching and learning; portable electronic devices for teaching and learning; portable electronic devices for examination and assessment; portable electronic devices for examination and assessment; portable electronic devices for entertainment and reading; portable media players; printers for use with computers; central processing units; projection screens; projection apparatus; sleeves for laptops; sleeves for tablet computers; sleeves for portable computers; cases for mobile phones, tablets or portable computers; sound transmitting apparatus; sound recording apparatus; sound reproduction apparatus; teaching apparatus; testing apparatus not for medical purposes; USB flash drives; video cassettes; videotapes; non-printed (electronic) publications; printed publications in electronically readable form; printed publications in optically recorded form; databases; podcasts; talking books; training manuals in the form of a computer program; educational software; application software; computer programmes for interactive games or quizzes; computer software for communicating with users of hand-held computers; computer software in the field of electronic publishing; electronic whiteboards; satellite telephones; solar powered telephones; video communications apparatus; wireless telephony apparatus; digital tablets; computer apparatus; graphics tablets; handheld computers; mobile computers; on-board computers; pocket computers for note-taking; stands for computer equipment; wearable computers; computer software for the provision of training, education, examination and assessment; computer software for the provision of training, education, examination and assessment for operation over computer networks; computer software for the provision of training, education, examination and assessment for operation by remote computer access; magnetic, optical and other disks, magnetic tape and other media for electronically recording data or software carrying computer data or computer software for the provision of training, education, examination and assessment; downloadable publications; downloadable educational materials including exam papers, course materials and lecture notes; downloadable computer software; reading glasses; parts and fittings for all the aforesaid goods.

Cl.16: Paper, cardboard; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); printers' type; printing blocks; adhesive tape dispensers [office requisites]; adhesive tapes for stationery or household purposes; adhesives [glues] for stationery or household purposes; albums/scrapbooks; alphanumeric lists; announcement cards [stationery]; arithmetical tables; atlases; binding strips [bookbinding]; biological samples for use in microscopy [teaching materials]; blackboards; blotter boards; bookbindings; bookends; bookmarks; books; calendars; cards; charts; catalogues; charcoal pencils; clipboards; clips for offices; staples for offices; bookbinding cloth; comic books; compasses for drawing; composing frames [printing]; copying paper [stationery]; cords for bookbinding; correcting fluids [office requisites]; correcting tapes [office requisites]; diagrams; document laminators for office use; document files [stationery]; document holders [stationery]; drawing materials; drawing pens; drawing pins; elastic bands for offices; envelopes [stationery]; files [office requisites]; flyers; folders for papers; folders [stationery]; printed forms; fountain pens; geographical maps; handwriting specimens for copying; histological sections for teaching purposes; index cards [stationery]; indexes; ledgers [books]; magazines [periodicals]; manuals; handbooks; marking pens; newsletters; newspapers; note books; numbers [type]; pads [stationery]; pamphlets; paper; paper sheets [stationery]; paper clips; paperweights; pencil leads; pencil sharpeners, electric or non-electric; pencils; pens [office requisites]; periodicals; pictures; postcards; posters; printed publications; printing type; prospectuses; rubber erasers; school supplies [stationery]; song books; stickers; teaching materials [except apparatus]; terrestrial globes; writing instruments; writing pads; writing cases [sets]; writing materials; writing cases [stationery]; writing or drawing books;
writing paper; exercise books; Bibles; printed awards; printed certificates; reference books; dictionaries; directories; reports; magazines; journals; periodicals; exam papers; lecture notes; worksheets; quizzes; printed puzzles; flashcards; vocabulary lists; paper, books, booklets, documents, forms, brochures, cards, instructional and teaching materials in Class 16 all relating to the training, testing, examination and assessment of candidates for educational achievement, and to the provision of training, testing, examination and assessment services, including computer assisted, computer mediated services and on-line services and to the provision of distance learning programmes; parts and fittings for all the aforesaid goods.

Cl.35; Advertising; business management; business administration; office function; advertising services provided via the internet; advertising, marketing and promotional services; arranging of subscriptions for the on-line publications of others; business information; business assistance; business consultancy; business data analysis; analysis of market research data and statistics; business merchandising display services; business research services; business information services provided online from a global computer network or the internet; market research; market research services for publishers; retail and online retail services connected with the sale of scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus for recording, transmission or reproduction of sound or images, magnetic data carriers, recording discs, compact discs, dvds and other digital recording media, mechanisms for coin-operated apparatus, cash registers, calculating machines, data processing equipment, computers, computer software, fire-extinguishing apparatus, media content, audiovisual teaching apparatus, bags adapted for laptops, calculating machines, CDs, CD-ROMs, compact disc players, computer game software, software for playing games on mobile phones, tablets or portable computers, computer software, recorded, computer programs, recorded, computer programs [downloadable software], software for mobile phones, tablets and portable computers, downloadable software for mobile devices, computer keyboards, computer peripheral devices, computer memory devices, devices, data processing apparatus, disk drives for computers, disks, magnetic, optical, floppy, magnetic, optical, mini-discs, mini-discs, downloadables, electronic, voicemails, downloadable exam papers, downloadable quizzes, downloadable assessment criteria, downloadable educational materials, downloadable periodic publications, downloadable journals, downloadable dictionaries, downloadable reference books, downloadable lecture notes, downloadable educational websites, downloadable slide presentations, downloadable flashcards, downloadable vocabulary lists, DVDs, electronic publications, downloadable, electronic pocket translators, floppy disks, interfaces for computers, laptop computers, magnetic data media, magnetic tapes, magnetic disc, computer hardware, computers, portable computer, portable computers, tablet computer, tablet computers, portable computers, portable computers, sound transmitting apparatus, sound recording apparatus, sound reproduction apparatus, teaching apparatus not for medical purposes, USB flash drives, video cassettes, videotapes, non-printed (electronic) publications, printed publications in electronically readable form, printed publications in optically recorded form, databases, podcasts, talking books, training manuals in the form of a computer program, educational software, application software, computer programmes for interactive games or quizzes, computer software for communicating with users of hand-held computers, computer software in the field of electronic publishing, electronic whiteboards, satellite telephones, solar powered telephones, video communications apparatus, wireless telephony apparatus, digital tablets, computer apparatus, graphics tablets, handheld computers, mobile computers, on-board computers, pocket computers for note-taking, stands for computer equipment, wearable computers, computer software for the provision of training, education, examination and assessment, computer software for the provision of training, education, examination and assessment for operation over computer networks, computer software for the provision of training, education, examination and assessment for operation by remote computer access, magnetic, optical and other disks, magnetic tape and other media for electronically recording data or software carrying computer data or computer software for the provision of training, education, examination and assessment, downloadable publications, downloadable educational materials including exam papers, course material, lecture notes, downloadable content, cardboards, books, teaching material, bookbinding material, photographs, stationery, adhesives for stationery or household purposes, artists’ materials, paint brushes, typewriters and office requisites (except furniture), instructional and teaching material (except apparatus), plastic materials for packaging, printers’ type, printing blocks, adhesive tape dispensers [office requisites], adhesive tapes for stationery or household purposes, adhesives [glues] for stationery or household purposes, albums/scrapbooks, almanacs, announcement cards [stationery], arithmetical tables, atlases, binding strips [bookbinding], biological samples for use in microscopy [teaching materials], blackboards, blotters, bookbinding, bookends, books, bookmarks, books, calendars, cards, charts, catalogues, charcoal pencils, clipboards, clips for offices, staples for offices, bookbinding cloth, comic books, compasses for drawing, composing frames [printing], copying paper [stationery], cords for bookbinding, correcting fluids [office requisites], correcting tapes [office requisites], diagrams, document laminators for office use, document files [stationery], document holders [stationery], drawing materials, drawing pads, drawing pens, draughting pens, easels, framing pins, elastic bands [stationery], files for files, exam papers, exam sheets [stationery], files for folders, folders for papers, folders [stationery], printed forms, fountain pens, geographical maps, handwriting specimens for copying, histological sections for teaching purposes, index cards [stationery], indexes, ledgers [books], magazines [periodicals], manuals, handbooks, marking pens, newsletters, newspapers, note books, numbers [type], pads [stationery], pamphlets, paper, paper sheets [stationery], paper-clips, paperweights, pencil leads, pencil sharpeners, electric or non-electric, pencils, pens [office requisites], periodicals, pictures, postcards, posters, printed matter, printed publications, printing type, printing blocks, prospectuses, rubber stamps [stationery], song books [stationery], song books, teaching materials except apparatus, terrestrial globes, writing instruments, writing pads, writing cases [sets], writing materials, writing cases [stationery], writing or drawing books, writing paper, exercise books, bibles, printed awards, printed certificates, reference books, dictionaries, directories, manuals, reports, magazines, journals, periodicals, newspapers, newsbooks, exam papers, lecture notes, worksheets, quizzes, printed puzzles, educational assessment criteria, flashcards, vocabulary lists, books, cards, instructional and teaching materials all relating to the training, testing, examination and assessment of candidates for educational achievement, and to the provision of training, testing, examination and assessment services, including computer assisted, computer mediated services and on-line services and to the provision of distance learning programmes; compilation of information into computer database; computerised data verification; on-line data processing services;
licensing of the goods and services of others (commercial administration of the -); recruitment; employment recruitment; recruitment services; recruitment and placement services; advertising services relating to recruitment of personnel; dissemination of information relating to the recruitment of graduates; information, advisory and consultancy services relating to the aforesaid services.

CI.38; Telecommunications; telecommunications services; mobile telecommunications services; telecommunications portal services; internet portal services; mobile telecommunications network services; fixed line telecommunications services; provision of broadband telecommunications access; broadband services; broadcasting services; television broadcasting services; broadcasting services relating to internet protocol tv; provision of access to internet protocol tv; internet access services; email and text messaging services; services of a network provider, namely rental and handling of access time to data networks and databases, in particular the internet; communications services for accessing a database, leasing of access time to a computer database, providing access to computer databases, rental of access time to a computer database; operation of a network, being telecommunication services; communication of information by computer; computer aided transmission of messages and images; electronic bulletin board services [telecommunication services]; communication of information; providing internet access to data networks; streaming of data; transmission of digital files; access to content, websites and portals; electronic communication by means of chatrooms, chat lines and Internet forums; peer-to-peer information sharing services; providing access to computer databases in the field of publishing; providing online forums and chatrooms for the electronic transmission of information; peer-to-peer information sharing services in the field of publishing; peer-to-peer information sharing services for academics; providing access to computer, electronic and online databases relating to books, magazines, newspapers, periodicals, pamphlets and journals; information, advisory and consultancy services relating to the aforesaid.

CI.39; Transport; packaging and storage of goods; travel arrangement; advisory services relating to the handling of goods; advisory services relating to the packing of goods; advisory services relating to the repacking of goods; advisory services relating to the distribution of goods; advisory services relating to the storage of goods; advisory services relating to transport; air cargo transport; air courier services; air freight shipping services; air freight transportation; air transport; air ticket booking services; air transport services; arrangement for the delivery of parcels by sea and by air; arrangement of transport; arrangements for transportation by land, sea and air; arranging the collection of goods; arranging the transportation of parcels; arranging the collection of packets; arranging the collection of packages; arranging the collection of parcels; arranging the delivery of goods; arranging the delivery of goods by post; arranging the storage of goods; arranging the shipping of goods; arranging the transportation of parcels by land; arranging the transportation of parcels by sea; arranging the transportation of parcels by air; correspondence delivery by post and/or messenger; consultancy services relating to storage; delivery of parcels; delivery of goods by courier; delivery of parcels by land; delivery of parcels by road; delivery of parcels by air; information services relating to the location of goods; packaging and storage of goods; packaging and storage services; packaging of products; packaging of goods; parcel collection services; parcel distribution; parcel storage services; transport and delivery of goods; transport and storage; transport by air; transportation by courier; transportation and delivery of goods; transportation of books; information, advisory and consultancy services relating to the aforesaid services; transport; packaging and storage of goods; travel arrangement; advisory services relating to the handling of goods; advisory services relating to the packing of goods; advisory services relating to the repacking of goods; advisory services relating to the distribution of goods; advisory services relating to the storage of goods; advisory services relating to transport; air cargo transport; air courier services; air freight shipping services; air freight transportation; air transport; air ticket booking services; air transport services; arrangement for the delivery of parcels by sea and by air; arrangement of transport; arrangements for transportation by land, sea and air; arranging the collection of goods; arranging the transportation of parcels; arranging the collection of packets; arranging the collection of packages; arranging the collection of parcels; arranging the delivery of goods; arranging the delivery of goods by post; arranging the storage of goods; arranging the shipping of goods; arranging the transportation of parcels by land; arranging the transportation of parcels by sea; arranging the transportation of parcels by air; correspondence delivery by post and/or messenger; consultancy services relating to storage; delivery of parcels; delivery of goods by courier; delivery of parcels by land; delivery of parcels by road; delivery of parcels by air; information services relating to the location of goods; packaging and storage of goods; packaging and storage services; packaging of products; packaging of goods; parcel collection services; parcel distribution; parcel storage services; transport and delivery of goods; transport and storage; transport by air; transportation by courier; transportation and delivery of goods; transportation of books; information, advisory and consultancy services relating to the aforesaid services.

CI.40; Printing; letterpress printing; printing services; printing of photos; printing of books; stationery printing services; printing of advertising matter; digital on-demand printing services of books and other documents; bookbinding; covering of books; rental of bookbinding equipment; rental of bookbinding machines; binding of books or documents; information, advisory and consultancy services relating to the aforesaid services.

CI.41; Education; providing of training; entertainment; sporting and cultural activities; online electronic publishing of books and periodicals; computer based educational services; academies [education]; arranging and conducting of colloquiums; arranging and conducting of workshops [training]; arranging and conducting of congresses; arranging and conducting of conferences; arranging and conducting of seminars; arranging and conducting of symposiums; boarding schools; coaching [training]; coaching [training] or education for adult learners; correspondence learning courses; education information; educational examination; electronic desktop publishing; game services provided on-line from a computer network; holiday camp services [entertainment]; holiday camp services [education]; publishing consultancy services; advisory services relating to publishing; publishing services; electronic publishing services; providing electronic publications; publication of printed matter and printed publications; language interpreter services; lending libraries; mobile library services; providing museum facilities; nursery schools; organisation of competitions [education or entertainment]; organisation of exhibitions for cultural or educational purposes; physical education; practical training; production of radio and television programmes; providing online electronic publications, not downloadable; publication of texts, other than publicity texts; publication of books; publication of reference books;
publication of directories; publication of manuals; publication of reports; publication of magazines; publication of journals; publication of periodicals; publication of dictionaries; publication of exam papers; publication of lecture notes; publication of worksheets; publication of quizzes; publication of puzzles; publication of examination marking criteria; publication of pamphlets; publication of booklets; publication of flashcards; publication of vocabulary lists; publication of educational material; publication of electronic books online; publication of electronic journals online; publication of electronic reference books online; publication of directories online; publication of manuals online; publication of reports online; publication of magazines online; publication of periodicals online; publication of dictionaries online; publication of exam papers online; publication of lecture notes online; publication of educational worksheets online; publication of quizzes online; publication of puzzles online; publication of examination marking criteria online; publication of pamphlets online; publication of booklets online; publication of flashcards online; publication of vocabulary lists online; publication of educational material online; publishing; school services (education); sport camp services; teaching services; educational services; instruction services; tuition; translation; vocational guidance [education or training advice]; vocational retraining; writing of texts, other than publicity texts; academic examination services; adult education services; analysing educational test scores and data for others; arrangement of training courses; arranging of festivals for educational purposes; bibliographic information; business educational services; business training; computer assisted education services; computer assisted examination services; design of educational courses, examinations and qualifications; development of educational material; educational assessment services; educational examination services; educational research; provision of educational examination facilities; setting of educational standards; university education services; university services; provision of training, teaching, examination and assessment services including such services being provided via computer assisted and computer mediated means and via on-line means; provision of distance learning programmes; information, advisory and consultancy services relating to the aforesaid services.

CI.42: Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; hosting of websites; hosting of digital content on the internet; hosting of digital content, namely on-line journals and blogs; design, creation, hosting and maintenance of internet sites for third parties; application service provider [asp], namely, hosting computer software applications of others; hosting the web sites of others on a computer server for a global computer network; creation and maintenance of web sites for others and hosting the web sites of others; design and development of software for processing and distribution of multimedia contents; design and development of software for compression and decompression of multimedia contents; design and development of software for processing and distribution of multimedia contents; providing electronic verification of online orders of digital content and generating electronic permission codes which then allow users to access said digital content; development of software and hardware for data and multimedia content conversion from and to different protocols; design of software and hardware for data and multimedia content conversion from and to different protocols; computerised analysis of data; technical data analysis services; design services relating to books and periodicals; computer programming in the fields of multi-media and electronic publishing; hosting platforms on the internet for educational purposes; hosting web portals for educational purposes; information, advisory and consultancy services relating to the aforesaid services.

CI.45: Legal services; security services for the protection of property and individuals; on-line social networking services; computer licensing; computer software licensing; consultancy services relating to the legal aspects of franchising; copyright management; copyright protection; intellectual property licensing services; legal research; licensing of computer games; licensing of computer programs; licensing of computer software; licensing of software; licensing of patents; licensing of technology; licensing services; management of authors’ copyright; registration of domain names for identification of users on a global computer network; registration of domain names; information, advisory and consultancy services relating to the aforesaid services; legal services; security services for the protection of property and individuals; on-line social networking services; computer licensing; computer software licensing; consultancy services relating to the legal aspects of franchising; copyright management; copyright protection; intellectual property licensing services; legal research; licensing of computer games; licensing of computer software; licensing of software; licensing of patents; licensing of technology; licensing services; management of authors’ copyright; registration of domain names for identification of users on a global computer network; registration of domain names; information, advisory and consultancy services relating to the aforesaid services.
