Cl.9: Computer hardware; Software for social networking and interacting with online communities; Software development tools; Software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Software for creating, managing, and interacting with an online community; Software for organizing events, searching for events, calendaring and managing events; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer the internet and communication networks; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for modifying photographs, images and audio, video, and audio-visual content with filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via the internet and communication networks; Software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; Software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game computer hardware; Computer peripheral devices; Electronic game software; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Software for converting natural language into machine-executable commands; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; Personal assistant software; Social assistant software; Software for mapping services; Software for planning activities with other users and making recommendations; Software for social and destination mapping; Software for making reservations and bookings; Software for ordering and/or purchasing goods and services; Location-aware software for searching, determining and sharing locations; Software for wireless content, data and information delivery; Software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; Software, namely, an application providing social networking functionalities; Software for creating, managing and accessing groups within virtual communities; Software for location-based searching and alerts; Software for searching and identifying employment opportunities; Software for identifying and allowing users to contact government representatives; Software providing a virtual marketplace; Software providing location-based weather information; Software providing, linking to, or streaming news or current events information; Software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Software for viewing and interacting with a feed of images, audio, audio-visual and video content and associated text and data; Software for finding content and content publishers, and for subscribing to content; Software for creating and managing social media profiles and user accounts;
Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Software for advertisers to communicate and interact with online communities; Software for streaming multimedia entertainment content; Computer software; Software for processing images, graphics, audio, video, and text; Computer software for sending and receiving electronic messages, graphics, images, audio and video files, and the internet and other electronic communications networks; Software for enhancing the use of social networking services; Software for managing virtual communities, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; Software for use in customer relationship management (CRM); Messaging software; Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for online charitable fundraising services and financial donation services.

Cl.35; Marketing, advertising and promotion services; Provision of market research and information services; Promoting the goods and services of others via the internet and communication networks; Business and advertising services, namely, media planning and media buying for others; Business and advertising services, namely, advertising services, facilitating access to third party websites or to other electronic third party content via a universal login; Providing online classifieds; Pre-paid gift card services, namely, issuing gift card certificates that may be redeemed for goods or services; Charitable services, namely, promoting public awareness about charitable, philanthropic, volunteer, public and community service and humanitarian activities; Advertising via electronic media; Customer relationship management; Advertising services, namely, payment processing services; Providing electronic mobile payment services for others; Financial services; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and financial donation services.

Cl.36; Financial transaction processing services, namely, providing secure commercial transactions and payment options; Electronic processing and transmission of bill payment data for users of the internet and communications networks; Electronic funds transfer services; Credit card, debit card, and gift card transaction processing services; Merchant services; payment processing services; Providing electronic mobile payment services for others; Financial services; Payment processing services; Financial transaction services; Facilitating and arranging for the financing and distribution of fundraising and donations; Online charitable fundraising services and financial donation services.

Cl.38; Photo sharing and video sharing services, namely, electronic transmission of digital photo files, videos and audio visual content among internet users; Telecommunications; Providing access to computer, electronic and online databases; Telecommunications services, namely, electronic transmission of electronic media, data, messages, graphics, images, audio, video and information; Providing online forums for communication on topics of general interest; Providing online communications links which transfer mobile device and internet users to other local and global online locations; Facilitating access to third party websites or to other electronic third party content via a universal login; Providing online chat rooms, instant messaging services, and electronic bulletin boards; Audio, text and video broadcasting services over the internet or other communications networks; Voice over internet protocol (VOIP) services; Telephony communication services; Providing access to computer databases in the fields of social networking and social introduction and dating; Peer-to-peer photo and data sharing services, namely, electronic transmission of digital photo files, graphics and audio content among internet users; Talent transactions; Peer-to-peer network communications services, namely, transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Streaming and live streaming of video, audiovisual, and interactive audiovisual content via the internet; Teleconferencing; Telecommunication services, namely, data transmission and reception services via telecommunication networks; Web messaging; Electronic exchange of voice, data, audio, video, text and graphics accessible via the internet and telecommunications networks; Audio, text and video broadcasting services over the internet or other communications networks.

Cl.41; Entertainment services; Providing access to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; Photosharing and video sharing services; Electronic publishing services for others; Entertainment services, namely, facilitating interactive and multiplayer and single player game services for games played via the internet or communication networks; Providing information about electronic, video or interactive multimedia games via the internet or communications networks; Contest and incentive award programs designed to recognize, reward and encourage individuals and groups which engage in self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community service and humanitarian activities and sharing of creative work product. Publication of educational materials, namely, publishing of books, journals, newsletters, and electronic publications; Educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, the internet, and social media, and distribution of course material in connection therewith; Online journals, namely, weblogs (blogs) featuring user-defined content; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content; Providing electronic and interactive multimedia games; Providing online virtual reality games; Providing online augmented reality games; Providing online mixed reality games; Providing computer, electronic and online databases in the field of entertainment; Publishing services, namely, publishing of electronic publications for others; Entertainment services, namely, providing online facilities for streaming entertainment content and live streaming video of entertainment events; Providing online games; Entertainment services, namely, providing virtual reality games, interactive entertainment and virtual reality content and experiences; Entertainment services, namely, providing augmented reality games, interactive entertainment and augmented reality content and experiences; Entertainment services, namely, providing mixed reality games, interactive entertainment and mixed reality content and experiences;
Virtual reality game services provided online from a computer network; Providing augmented reality game services provided online from a computer network; Providing online virtual reality games; Providing online game software; Entertainment services, namely, providing interactive games; Entertainment services, namely, providing augmented reality games and interactive entertainment content; Entertainment services, namely, providing online virtual reality environments; Entertainment services, namely, providing interactive entertainment content; Providing entertainment information; Providing searchable indexes and databases of information, including text, electronic documents, databases, graphics, photographic images and audio visual information, via the internet and communication networks; Providing a website featuring non-downloadable publications about virtual reality technology; Providing a website featuring non-downloadable publications about augmented reality technology; Education; Providing of training; Sporting and cultural activities; Entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet, as well as information, reviews, and recommendations regarding movies, television shows, webcasts, audiovisual, and multimedia works.

CI.42: Design and development of computer hardware and software; Computer services, namely, creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, namely, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; Computer services in the nature of customized electronic personal and group profiles or webpages featuring user-defined or specified information, including audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities, to engage in social networking, and to manage their social networking accounts; Providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications; Application service provider (ASP) services, namely, hosting software for enabling the provision of services to end-users facilitating user-generated audio, upload, modification, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; Providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing information from searchable indexes and databases of information, including text, electronic documents, data, drawings, paintings, photos, images, maps, graphics, electronic media, images and audio-visual content, via the internet and communication networks; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Providing online sites that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online sites that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Providing software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business monetary transactions via the internet; Providing software for processing electronic payments; Platform as a service (PAAS) services featuring software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transactions; Providing software for searching and sharing content; Providing software for mapping services; Providing software for sharing and displaying a user’s location, planning activities with other users and making recommendations; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying a user’s location, planning activities with other users and making recommendations; Providing software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Providing online sites that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and
Providing software for finding content and content publishers, and for subscribing to content; Providing software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software for social networking, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; Computer services, namely, curating online user-defined content and advertisements and creating social media feeds; Providing software for taking photographs and recording audio, audio-visual and video content; Providing software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing software for streaming multimedia entertainment content; Providing software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing software for advertisers to communicate and interact with online communities; Personal assistant software; Social assistant software; Providing online facilities featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Providing software for use in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Video game development services; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Providing online software; Application service provider (ASP); Providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Legal services; Providing software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing software for online charitable fundraising services and financial donation services.

Cl.45; Social introduction and networking and dating services; Providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; Providing information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; Providing concierge services for others, namely, booking reservations, facilitating purchases, arranging deliveries, making requested personal arrangements, providing recommendations on products and services, providing customer-specific information to meet individual needs, and provision of electronic reminders and notifications; Online social networking services; Providing information in the form of databases featuring information in the fields of social networking and social introduction; User verification services; Identification verification services; Business identification verification services.
