Cl.9; Telecommunications and communications equipment, apparatus and systems; telephone cards, debit and credit cards, machine readable apparatus, such as telephone and calling cards, and apparatus which include integrated circuits, magnetic strips and memory chips; telephone equipment, apparatus and systems; facsimile equipment, apparatus and systems; computer equipment, apparatus and systems; computerised health management systems; computer hardware; computer software, including application software; computer peripheral devices; modems; transmission, receiving and storage equipment, apparatus and systems; apparatus for data communications between computers; apparatus for controlling storage of data; apparatus for data storage; apparatus for the storage of information; computer data storage apparatus; computer networks for the storage of data; data storage devices; information storage apparatus (electric or electronic); information storage devices (electric or electronic); data security apparatus; data security instruments; security devices for computer hardware; security devices for computer software; telecommunications security instruments; data recorded electronically from the internet; apparatus for processing data; apparatus for data transmitting; data transmission apparatus; publications in electronic form supplied on-line from databases or from facilities provided on the internet (including web sites); publications in electronic format; apparatus and instruments for recording, transmission, reception, processing, retrieval, reproduction, manipulation, analysis, display and print out of sound, images and/or data; cd-roms; discs and tapes; video and audio equipment, apparatus and systems; all associated parts, accessories and fittings in this class.

Cl.10; Medical and surgical apparatus and instruments; medical testing apparatus; blood glucose monitors; lancets and lancet devices for medical use; insulin pumps and infusion sets; blood pressure monitors and measuring devices; apparatus for blood analysis; heart rate monitors.

Cl.16; Paper, cardboard and goods made from these materials; printed matter and publications including books, magazines, newsletters, brochures, leaflets, posters and timetables, stationery, members cards and application forms, manuals; directories; program guides; instructional and teaching material; plastic materials for packaging (not included in other classes); computer manuals.

Cl.35; Advertising and promotion services and business and commercial information services; compilation of business directories; wholesale and retail services; business services, including business management, administration and information services; business services provided online from a computer database or the internet; compilation and provision of business and commercial information; business information services; compilation of advertisements for use as web pages on the internet; advertising, business, marketing and promotional appraisal, business consultancy, business information, management, research and organisation services; rental of advertising space; organisation, operation and supervision of sales and promotional incentive schemes and loyalty schemes; promotion of transportation, travel, airline and telecommunications services and the management of the supply of benefits in connection with loyalty schemes; telephone answering services; marketing research and study services; statistical services; compiling and arranging directories; business services to facilitate the ordering of goods from computer databases or the internet; provision of e-commerce business solutions; business planning and analysis services; business surveys, appraisals and research; conduct of business studies and preparation of business reports; economic forecasting and analysis for business purposes; market analysis, research and monitoring services for business purposes; co-operative advertising with those who advertise in telephone and telephone directory business supplements; on-line business information services relating to e-commerce; business services namely, media advisory services; online business networking services; arranging the provision by third parties of discounts, complimentary goods and complimentary services; arranging, organising and conducting competitions, contests and tournaments for advertising, business, trade and promotional purposes; auctioneering services; product and brand endorsements; product and brand launch services; ratings analysis and surveys; publicity services; dissemination of advertising for others online; providing advertising space online; providing consumer product information; extraction and retrieval of information by means of computer networks; commercial and industrial management assistance; provision of administrative support services to the health industry; patient booking services, including online; patient file management services including management of access to patient files; personnel services provided in relation to the health industry, including the hiring of health and allied and complementary industry professionals and administration staff; business advice and business consultancy services relating to marketing; marketing of health promotional material; preparation of business reports, computerised file management and systematisation of information into computer databases; maintenance of computer database records; provision of computer consultation and advisory services for all of the aforementioned, including online and via telephone; provision of services in relation to the retrieval of computerised data; search engine optimisation; computerised retrieval of data and information; administration of medical, health and healthcare benefits; data retrieval services relating to personal medical information.
Cl.36; Financial services; banking services; accepting and authorising financial transaction; credit, debit and smart card services; electronic funds transfer; financial information services; payment services using electric and electronic means; sponsorship services; insurance services; financial collection services; provision of financial services to the health services industry including the provision of bulk billing facilities, medical benefit and pharmaceutical benefit claims; medical, health, accident and dentistry insurance; sickness and injury insurance; travel insurance; general insurance; providing information, consultation and advisory services for all of the aforementioned, including online and via telephone.

Cl.38; Telecommunication and communication services; telecommunication of information (including web pages), computer programs and any other data; local, long distance and international voice, text, facsimile, video and data telecommunication services; telephone and call centres; voice and video telephony; local, long distance and international voice and video telephony; telecommunications services; television and video transmission; broadcasting services; data casting services; web casting services; telecommunication services allowing video and audio streaming through telecommunication devices including mobile handsets; telecommunication services allowing users to download music and data through telecommunication devices including mobile handsets; telecommunication services for the collection, transmission, processing and storage of messages and data; telecommunication services to automate outbound dialling functions; electronic mail services; voice mail and messaging services; sms services; picture and video messaging; audio and video conferencing; provision of telecommunications access and links to computer databases and the internet; rental of telecommunications apparatus, equipment and systems; telecommunications information services; providing information services concerning all of the foregoing; transmission of information on a wide range of topics, including online transmission; provision of telecommunications networks; telecommunications consultancy; providing access time to computer databases and the internet; internet service provider services; providing information, consultation and advisory services for all of the aforementioned, including online and via telephone.

Cl.41; Education and training services, including these services provided on-line from a computer database, the internet or telephone; education information services including these services provided on-line from a computer database, the internet, networks or telephone; education or training information services; provision of education or training in relation to computer software, computer hardware, design and development of computer software and computer databases; publication of information in electronic form; arranging and conducting colloquia, conferences, congress, seminars and symposiums; electronic publication of information on a wide range of topics, including on-line publications; production of radio and television programs; providing of training in relation to computerised health management systems and health quality systems; computer software training; arranging technical instruction courses; arranging and conducting of seminars; publication of educational materials and online journals, magazines and multimedia material; weblog (blog) services (online publication of journals or diaries); providing information, consultation and advisory services for all of the aforementioned, including online and via telephone.

Cl.42; Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software, including design and development of computer software and software applications for use in relation to computerised health management systems and health quality systems; provision of services in relation to the storage of computerised data; provision of computer consultancy services in relation to the dissemination of computerised information; electronic data storage including storing information in indexes online; technical support services in relation to computerised health management systems; design and hosting of websites; provision of computer software services; computer software and software applications for use in relation to computerised health management systems and health quality systems; computer consultancies; publication of information concerning all of the foregoing; transmission of information on a wide range of topics, including on-line transmission; provision of telecommunications networks; telecommunications consultancy; providing access time to computer databases and the internet; internet service provider services; providing information, consultation and advisory services for all of the aforementioned, including online and via telephone.

Cl.44; Health and healthcare services; medical, pharmacy, nursing and dentistry services, including the provision of these services online; health assessment services including self-health assessment; health programs; preventive health care programs; chronic disease management programs; internet based health services, information and programs; health management services; advisory, information, assistance and consultancy services, including online or by video or by telephone, to assist consumers in communicating with doctors and health professionals and to assist in accessing medical, health and wellbeing services; rehabilitation services; health practitioner services, including general, specialist and allied and complementary health practitioner services; arranging of medical treatment and medical health assessment services; provision of medical information and medical information retrieval services; provision of health care services including preventative health services; advocacy services relating to health issues; telemedicine services; medical consultation services including those provided via video remotely; medical assistance services; pharmacy advice; pharmacy dispensary services, including dispensing of prescriptions and pharmaceutical products; medical analysis for diagnostic and treatment of persons; preparation of reports relating to medical matters, health care and medical examinations; preparation of health services reports; medical analysis services; services in monitoring and maintaining post medical care; preparing medical reports and advice on social care relief of medical ailments; providing reports and advice on best medical practices for medical, clinical and social care; providing personal medical
information; nursing home and aged care services (medical and nursing services); medical welfare services; personal care services in the nature of medical care; pregnancy management and care; diabetes management and care; hospital substitute services; pregnancy support programs; drug and alcohol rehabilitation services; workplace health management services; occupational health and safety services and programs (therapeutic and rehabilitation services); medical counselling services including psychological or psychiatric counselling; medical clinics; health clinic services; providing information in relation to healthcare providers, hospices, nursing homes, hospitals, convalescent homes, pharmacies, therapists and opticians; provision of all of the aforementioned services online; providing information, consultation and advisory services for all of the aforementioned, including online and via telephone.
Proposed to be Used

IR DIVISION

Cl.1; Chemicals for use in industry and science; chemical reagents; chemical preparations for analysis in laboratories; chemicals used in science; diagnostic substances, other than for medical use; diagnostic preparations, other than for medical use; diagnostic preparations for scientific purposes; chemical test paper; tempering and soldering preparations; artificial resins, unprocessed plastics (in the form of powders, liquids, pastes and granules); plastics and elastomeric compounds for processing by means of compression moulding, injection moulding or extrusion; powdered or fibrous filling materials for plastics and elastomeric compounds; plastic binding agents; adhesives used in industry; chemical materials for heat-shrinking products; fertile material, breeder elements, and breeder and absorber parts for nuclear reactors; radioactive materials and compositions and alloys thereof; catalysts for flue gas decontamination and exhaust gas/air exhaust air purification; catalysts of metal; catalyst carriers for drives for land, air and water vehicles.

Cl.5; Chemical preparations for medicinal, pharmaceutical or veterinary purposes; chemical preparations for diagnostic purposes; chemical substances for analyses in laboratories, for medical purposes; chemical reagents for medical or veterinary purposes; serums; diagnostic preparations; diagnostic preparations for veterinary purposes; diagnostic agents for pharmaceutical use; clinical diagnostic reagents; medical diagnostic test strips; disinfectants; products for dental use (included in this class), namely dental ceramic blanks, material for adhesively bonding ceramic parts and teeth, material for stopping teeth, and matt paints for optically matching teeth.

Cl.9; Apparatus for navigation; aerials and aerial installations, radar apparatus; short-wave transmitter and receiver stations; selector radio apparatus; aeronautical radio apparatus; microwave radios; satellite radio equipment; encoding apparatus; thermal imaging equipment; laser distance-measuring apparatus; inquiry and response apparatus for aircraft identification; equipment for receiving, locating and classifying electromagnetic signals; equipment for traffic navigation on land, water and in the air; traffic decoders; pilot computers; on-board computers; airbag and tyre diagnosis apparatus; vehicle fleet management apparatus; temperature probes; cable harnesses; on-board electrical systems; motor and engine control devices; ignition, control and switching equipment; electric injection control and central injection apparatus; resonators for automotive engineering; electronic apparatus for gear, drive, differential, braking, antisid, four-wheel steering, damping, level regulating and clutch control; diagnostic apparatus for motor vehicles; acoustic and optical signalling devices and signalling panels; railway signalling apparatus and installations constructed therefrom; electronic positioners and parts thereof; electroacoustic apparatus, for conferences, for sound and video studios; sound and video sending and control installations; apparatus and equipment for cable television, and devices constructed therefrom; photographic and cinematographic apparatus, including video cameras; loudspeakers; speaker enclosures; microphones, headphones, electronic amplifiers; wafers for the manufacture of electronic components; catalyst carriers for combustion engines; equipment for digital image recording, for contrast medium analysis with real time image reproduction; apparatus and equipment for the recording, processing, storage and reproduction of radiological information; vibrotactile communication equipment; measuring and monitoring instruments and displays being parts of land vehicles, aircraft and watercraft; catalyst carriers for drives for land, air and water vehicles; current collectors; lambda probes; scientific research and laboratory apparatus, educational apparatus and simulators; scientific apparatus, equipment and instruments for performing analyses in laboratories; laboratory apparatus, laboratory filters, laboratory trays; recorded content; devices for conducting electricity; information technology and audiovisual equipment; magnets, magnetizers and demagnetizers; measuring, detecting and monitoring instruments, indicators and controllers; optical devices, enhancers and correctors; safety, security, protection and signalling devices; optical apparatus and instruments (included in this class); electrical adapters, batteries, electric, electric alarm bells, electric installations for the remote control of industrial operations, electrical connecting parts, electric batteries, contacts, electric, electric couplings, electrical conductors, electric conduits, relays, electric, electronic locks, coils, electric, electricity transformers, electric monitoring apparatus, resistances, electric; electric signalling, measuring, checking (supervision), counting, registering, monitoring, control, regulating and switching apparatus; electrical devices for input, processing, transmission, storage and output of data; data processing equipment and computers and peripheral devices therefor; including the aforesaid goods for data communications via cable and wireless telecommunications networks, for remote data transmission and for data transmission on local networks; electricity transformers; parts and accessories for the aforesaid apparatus, equipment and instruments; computer programmes for data processing; software for electromedical apparatus; data processing programs; monitors; x-ray tubes not for medical purposes; detectors; sensor; devices and screens for protecting against x-rays, not for medical use; wafers for the manufacture of electronic components; laboratory robots for medical purposes.

Cl.10; Electromedical, medical, surgical, dental and veterinary apparatus, equipment and instruments; apparatus and
equipment for recording, processing, storing and reproducing medical images; electromedical apparatus and equipment, installations consisting thereof and parts therefor, for x-ray diagnostics and x-ray therapy; apparatus and equipment for angiography, cardiology, neuroradiology and subtraction angiography (dsa); medical equipment for digital image recording, for contrast medium analysis with real time image reproduction; instruments and apparatus for endourological radiology, functional diagnostics and instrumental urology and for extracorporeal destruction of urinary and biliary calculi; devices for treating bone, muscle and tendon disorders; apparatus and equipment for recording, processing, storing and reproducing radiological information; medical and electromedical apparatus and equipment for computed tomography, magnetic resonance tomography, magnetic resonance imaging, ultrasound diagnostics, nuclear medicine, radiotherapy, positron emission tomography (PET) therapy installations and installation parts consisting thereof; medical and surgical cyclotrons for the production and processing of positron-emitting radionuclides; apparatus for ECG long-term storage and computerised ECG evaluation (electroencephalography); equipment for high-frequency heat treatment, electrotherapy, diathermy and treatment of burns; apparatus for recording, processing, storing and reproducing medical images; electromedical apparatus and equipment; point-of-care diagnostic apparatus, equipment and instruments; tools for medical diagnostics; computer-aided surgery equipment; medical functional and work clothing.

Cl.16;Stationery and educational supplies; printed matter; medical journals; medical books.

Cl.25;Headgear; clothing; footwear; parts and accessories for all the aforesaid goods, included in this class.

Cl.35;Business consultancy and advisory services; business management; business planning services; business management, business planning and strategic business services, for others; business consultancy for medical facilities and apparatus and equipment; maintenance, servicing, repair and installation of diagnostic instruments, apparatus and equipment; providing information relating to the repair or maintenance of medical machines and apparatus.

Cl.38;Providing of internet forums and internet chat lines; access to content, websites and portals; wireless transfer of data via the internet; transmission of information and data via computer networks, online services and the internet.

Cl.41;Education, instruction, providing of training and further training, for others; publication of periodicals and books; education services relating to medicine; training and tuition relating to medical and medical technology instruments, apparatus and equipment; organisation of conferences in the field of medical science; publishing of medical publications; publication of medical periodicals, books and manuals (handbooks); projection of cine-films for medical purposes.

Cl.42;Research and development, for others, in the field of electrical engineering, electronics, information technology, medical technology, physics, chemistry and mechanical engineering, as well as planning, consultancy, engineering and technical monitoring services in these fields; construction and design planning and consultancy; computer programming; rental of electrical engineering, electronics and information technology products and installations; material testing; computer programming in the medical field; writing of computer programs for medical applications; medical research; technical consultancy for medical facilities and clinics; planning for medical facilities and clinics; leasing of electrotechnical and electronic installations, products, facilities and goods in the field of information technology; leasing of electrotechnical and electronic installations, products, facilities and goods in the field of information technology.

Cl.44;Medical services; hygienic and beauty care; medical diagnostics; nursing homes; medical clinic services; medical examinations and tests; medical imaging services; medical care; medical equipment rental; medical counseling; medical treatments; medical information services provided via the internet; telemedicine services; therapy services; telemedicine services; medical information services provided via the internet; therapy; leasing of medical technology installations, products and facilities; leasing and rental of medical facilities; leasing and rental of medical apparatus and equipment; rental of medical technology products and installations.
