Cl.9; Electric, electrotechnical and electronic apparatus, equipment and instruments for the input, storage, processing and transmission of data; apparatus for recording, transmission or reproduction of sound and/or images and/or electronic data; data communications apparatus and instruments; scientific, control, measuring, signalling, metering, recording, monitoring, checking, switching, regulating equipment and optical apparatus and instruments, included in class 9; apparatus, instruments and equipment for telecommunications; optical image viewers with three-dimensional graphic representation; apparatus for receiving, recording, transmission, processing, transforming, output and reproduction of data, speech, text, signals, sound and images, including multimedia apparatus; electronic apparatus for entertainment, namely radio and television receivers, sound and/or image recording and reproduction equipment, including portable and for digital image and sound signals; apparatus for interactive television viewing; apparatus for receiving and transforming encoded signals (decoders); apparatus, including multimedia apparatus, for connecting and controlling audio, video and telecommunications apparatus and computers and printers, including multimedia apparatus with electronic program management and control for interactive television viewing and/or pay TV; electronic program guides; operating software and other software for the aforesaid apparatus, instruments and equipment; data processing equipment and computers, buffer memories, computer chips, disks, cables, drives, terminals, printers, keyboards, monitors and other peripheral apparatus for computers; computer game accessories, namely, disk memories and television receivers; video, computer and other electronic games software for use with television and other apparatus; musical juke boxes; accessories for computers and electronic and electrotechnical apparatus, namely computer mice, control apparatus, electrical adapters, modules for expanding functions of computer and extending memory capacity; voice synthesizers, light pens, electronic 3D spectacles, programmed and non-programmed cassettes, floppy discs and discs and memory modules (included in
class 9); boxes for storing cassettes, floppy discs and discs; program recorders, numerical keyboards, floppy disk stations principally comprising floppy disk drives, microprocessors and control electronics; electronic data processing apparatus, including monitors, input apparatus, output apparatus, printers, terminals and memories, aforementioned apparatus being additional apparatus for a main piece of apparatus; computer programs on data carriers of all kinds; electronic data processing apparatus; video data processing apparatus in the form of computer programs recorded on data carriers; computer and video game cassettes, floppy disks, cartridges, disks and tapes and other programs and databases recorded on machine-readable data carriers, included in class 9; recorded and unrecorded sound carriers, in particular recording discs, compact discs, sound tapes and sound cassettes (compact cassettes); recorded and unrecorded image carriers (included in class 9), in particular video cassettes and DVDs; exposed films; photo CDs; photographic, cinematographic, optical and teaching apparatus; pre-recorded magnetic, magnetic optical and optical carriers for sound and/or images; coded telephone cards; optical apparatus and instruments, included in class 9, in particular spectacles, glasses and spectacle frames; spectacle cases; parts for all the aforesaid goods, included in class 9; video cassette cases.

Cl.35;Advertisement and marketing; information services in the field of marketing and advertising in oral and written form, including by means of print media and electronic media; organisational consultancy in the field of marketing and advertising; statistical evaluation of market research data; market research; market analysis; advertising research; opinion polling; distribution of catalogues, mailing lists and goods for advertising purposes; radio, television and cinema advertising, public relations, sales promotion, arranging and concluding commercial transactions, for others; computerised file managing; organisation of trade fairs and exhibitions for commercial or advertising purposes; organisation and arrangement of multimedia presentations for advertising and/or commercial purposes; marketing of advertising time on television through agencies and rental services; business consultancy and business organization consultancy; advertising, in particular radio, television, cinema, print, videotext and teletext advertising; marketing (marketing research) through agencies and rental services, in particular on the aforesaid media and via the aforesaid means of prospectus and goods; advertising planning services; leasing of advertising space for teleshopping; arranging advertising time in all relevant media; business management services; business administration; office functions; business organisation consultancy; typing; secretarial services; business consultancy; business consultancy and advisory services; management of foreign business interests; development of advertising concepts, in particular for marketing goods and services via worldwide electronic networks, in particular the Internet and other electronic communications media; arranging contracts for the buying and/or selling of goods and/or the providing of electronic commerce, electronic administrative order processing, electronic commerce ordering systems; dissemination of advertising on an online electronic communications network; computerised market research services; auctioneering on the Internet; business strategy development relating to franchising for organising commercial and organisational know-how; arranging of contracts online for the purchase of goods and providing of services, for others; call centre services, namely order acceptance and administrative order processing; telephone answering (for unavailable subscribers); advertising planning services; rental of advertising space on the Internet; banner exchange for banner advertising; business organisation consultancy for talent promotion; production of advertising films; rental of advertising films; production of teleshopping programmes; television and radio advertisement production; promotion of sports competitions and events.

Cl.38;Wireless or cable network broadcasting of radio and television broadcasts/programmes; transmitting of film, television, radio, teletext and videotex programmes or broadcasts; telecommunications; collection and transmission of messages, press reports (including by electronic means and/or by computer); transmission of market research data (including by electronic means and/or by computer); sound, image and data transmission by cable, satellite, computer network, telephone and other lines, and all other transmission media; broadcasting of pay-TV programmes, including video-on-demand transmission and provision of access to digital platforms, for others; providing access to information databases; transmission of information via wireless or cable networks; on-line services and transmissions, namely transfer of information and messages including e-mail; providing telecommunications channels for teleshopping services; providing access to telecommunications networks with the aid of digital multimedia technology, in particular for Internet access, teleshopping and telebanking, including for use with television screens; transmission of data and computer programmes on electronic data communiction systems, in particular on the Internet and other electronic communications media providing information of all kinds, in particular from the fields of politics, economics, finance, law, social issues, sport, religion, technology, computers, the Internet; providing access to electronic shopping systems on electronic networks, in particular on the Internet and other electronic communications media; transmission of sound, speech, images and/or data; communications by telephone, mobile telephone communications; transmission of data for operating databases for conducting teleservices; providing access to databases for the purpose of providing information on the Internet, in particular including within the framework of Internet communities and websites and including SMS (short message systems); electronic communication by means of chat lines within the framework of virtual communications platforms and pin board facilities (included in class 38); e-mail data services, fax services, SMS services; transmission of information stored on databases, in particular including communication by means of interactive computer systems; providing access to platforms for the supply and demand of goods/services; online provider services, namely providing access to, and transmission of, information, texts, drawings and images on electronic networks; Internet services, namely providing access to information and entertainment programs on the Internet; providing access for users to various communication networks; broadcasting of teleshopping programmes; providing access to e-commerce platforms on the Internet and other electronic media; providing access to Internet forums for the exchange of information and ideas on topics of all kinds; transmission of data; leasing of access time to information databases; leasing of access time to databases for the purpose of providing information on the Internet, in particular including within the framework of Internet communities and websites and including SMS (short message systems).

Cl.41;Production, showing and rental of films, videos and other television programmes; recording studio services, in particular audio, video, sound recording services, videotape recording (filming); rental of video and/or audio cassettes, tapes and discs and video games (computer games); rental of television sets containing decoders; teaching, education, entertainment; sporting and cultural activities; radio or television entertainment; organisation and presentation of sports events, shows, quizzes and musical events and organisation of competitions in the fields of entertainment and sports, also for recorded programmes or live broadcasts on radio or television; production of prize game broadcasts; organisation of competitions in the fields of training, teaching, entertainment and sports; arranging and conducting of beauty contests; providing of training for talent promotion; correspondence courses; publication of books, periodicals and other printed matter and corresponding electronic publishing; organisation of and conducting concert, theatre and
entertainment events and sports competitions; production of film, television, radio, teletext and video text programmes or broadcasts; radio or television entertainment; production of films and video films and other image and sound programmes for educational, instructional and entertainment purposes, including for children and young people; production, showing and rental of sound and image recordings on video and/or audio cassettes, tapes and discs; theatrical performances, music performances; cultural, artistic, recreational, social entertainment and sporting activities, including the arranging thereof, included in class 41; arranging and conducting of cultural, entertainment and sporting events and congresses, seminars, lectures and multimedia presentations (entertainment); services of a publishing house (excluded printing services); production of web-TV programmes, interactive programmes and Internet TV programmes; online gaming services on the Internet and other electronic media; online entertainment, in particular via computer networks, namely the Internet; sports camps; sports tuition; sports training; arranging and conducting of congresses; booking of event tickets; ticket and seat reservation for concerts, shows and other performances; reservation services for cultural and sporting events; booking of seats for shows and sporting events; organising and arranging of seminars and lectures for advertising and/or commercial purposes; providing non-downloadable radio and television broadcasts/programmes via wireless or cable networks; publication of periodicals, books and other printed products; production of web-TV programmes, interactive programmes and Internet TV programmes.

Cl.42; Configuration of computer networks for the transmission of messages, images, texts, speech and data using software; technical consultancy in the field of software development for multimedia, interactive television and Pay TV (included in this class); development of software, researching and developing of integrated circuits, chip design; computer programming, including video and computer games; development of software for electronic television programme guides; engineering services, in particular in the fields of multimedia, digital and/or interactive television and telecommunications; technical consultancy in relation to technical research in the field of sport, television entertainment and advertising; Internet provider services, namely installation and maintenance of software for Internet access and dial-in nodes, and rental of memory space on a server connected to the Internet and programming of web pages, for others, for access via the Internet; design of homepages on the Internet; rental of memory space on computer systems connected to the Internet; design of web sites for advertising purposes and web page design; technical planning of telecommunications equipment; graphic arts designing and designer services; scientific and technological services and research and design relating thereto, industrial analysis and research, and design and development of computers and software; technical consultancy in the field of computer software design for marketing and advertising; creating and updating of webpages for advertising on the Internet; design of printed and published products, including corresponding electronic media; electronic storage of information, including sound, images and data; electronic storage of fees data; database services, namely storage of data; storage of data in information databases; conversion of texts to digital format; programming of video games.

Cl.45; Licensing of industrial property rights; intellectual property consultancy; copyright management; licensing of computer software; domain name registration services; legal services; legal services relating to granting of license rights to asset components of personal rights; exploitation and administration of intellectual property rights by licensing in the sports sector, security consultancy; granting, leasing and exploitation of intellectual property rights by licensing relating to films, television and radio productions and other image and sound programmes, and to print media and other printed products, in particular relating to football events; exploitation of copyright in relation to films and television programmes in the field of merchandising by licensing; legal consultancy on matters relating to sport, television entertainment and television advertising; legal services; dispute resolution services; consultancy relating to management of intellectual property and copyrights; exploitation of related rights by licensing and management of television transmission rights, in particular to the transmission of sporting events; negotiation of contracts relating to intellectual property rights, exploitation of copyright by licensing and management of rights relating to press articles and radio, television and film programmes to be used in sound and image carriers; negotiation of contracts relating to intellectual property rights, exploitation of copyright by licensing and management of rights relating to articles in newspapers and periodicals.

Cl.2; Oil paints; Japanese lacquer [Urushi]; enamel paints; priming powder [Kiriko] and coating powder [paints]; fluorescent paints; synthetic resin paints; anticorrosive paints; priming powder [Jinoko] and coating powder [paints]; distempers [water paint]; stains; lower hull paints; fireproof paints; chemicalproof paints; priming powder [Tonoko] and coating powder [paints]; driers [siccatives for paints]; paint thinners; waterproof paints; lacquers; varnishes; aluminium paints; asbestos paints; enamels [varnishes]; ink for skin-dressing; stains for leather; protective preparations for metals; black japan; copal varnish; bactericidal paints; primers; distempers; lime wash; badigeon; whitewash; fireproof paints; turpentine [thinner for paints]; ceramic paints; marking ink for animals; enamels for painting; coatings for tarred felt [paints]; siccatives [drying agents] for paints; coatings [paints]; thinners for paints; undercoating for vehicle chassis; undersealing for vehicle chassis; ink for leather; anti-fouling paints; bronzing lacquers; repositionable paint patches; binding preparations for paints; agglutinants for paints; thickeners for paints; wood stains; wood coatings [paints]; coatings for roofing felt [paints]; thinners for lacquers; bitumen varnish; fixatives [varnishes].

Cl.9; Shoes for protection against accidents, irradiation and fire; boots for protection against accidents, irradiation and fire; beacons, luminous.

Cl.12; Vessels, other than air cushion vehicles; canoes; cargo ships and boats; passenger ships and boats; fishing boats; naval vessels [warships]; cable ships [cable layers]; icebreakers; dredgers [boats]; water bikes [personal watercrafts]; tankers; Japanese flat-bottomed rowboats [Tenmasen]; barges; sailing vessels; tug boats; ferry boats; rowboats; motorboats; yachts; launches; parts and fittings of vessels, other than for air cushion vehicles; propellers for
vessels, other than for air cushion vehicles; screw propellers for vessels, other than for air cushion vehicles; steering
gears and rudders for vessels, other than for air cushion vehicles; rudders for vessels, other than for air cushion
vehicles; steam steering gears for vessels, other than for air cushion vehicles; steering wheels for vessels, other than for
air cushion vehicles; electric steering gears for vessels, other than for air cushion vehicles; oars; oarlocks; canoe
paddles; boat stanchions; steel hatch covers; sea ladders; fenders for vessels [boat side protectors]; hatch wedges;
hatch cleats; hatch battens; hatch boards; boat covers; davits for boats [boat davits]; boat chocks; portholes for vessels,
other than for air cushion vehicles; mooring pipes for vessels, other than for air cushion vehicles; rowlocks; autonomous
underwater vehicles for seabed inspections; rudders; paddles for canoes; cleats [nautical]; portholes; remotely operated
vehicles for underwater inspections; sculls; screw-propellers; ship hulls; timbers [frames] for ships; spars for ships;
funnels for ships; steering gears for ships; screws [propellers] for ships; fenders for ships; stern oars; boats;
disengaging gear for boats; boat hooks; screw-propellers for boats; davits for boats; inclined ways for boats; masts for
boats; pontoons.

Cl.19: Plastic building materials; asphalt, and asphalt building or construction materials; rubber building or
construction materials; quay wall-mounted rubber fenders for preventing from damaging of dock, ships and vessels;
beacons, not of metal, non-luminous.

Cl.20: Flexible containers of fabrics made of vinylon, nylon or polyester coated with polyethylene, polypropylene, vinyl
chloride, rubber or ethylene vinyl acetate for storage or transport; flexible containers of fabrics made of synthetic fibers
coated with synthetic resins or natural resins for storage or transport; flexible containers of fabrics made of polypropylene,
polyethylene or polyester for storage or transport; flexible containers of fabrics made of synthetic fibers for
storage or transport; fabric containers for transport; baglike packaging containers of plastic.

Cl.25: Shoes and boots, other than special footwear for sports; rain boots; leather shoes; sandals [shoes]; sneakers;
Japanese split-toed work footwear [Jikatabi]; boots, other than boots for sports; women’s shoes; winter boots; infants’
shoes and boots; inner soles for shoes and boots; heelpieces for shoes and boots; insoles for shoes and boots; tongue
or pullstrap for shoes and boots; welts for shoes and boots; rubber soles for Jikatabi; footwear uppers; tips for footwear;
shoe soles for repair; ankle boots; heels; galoshes; goloshes; wooden shoes; inner soles; boot uppers; half-boots;
heelpieces for footwear; welts for footwear; valenki [felted boots]; beach shoes; lace boots.

Cl.7: Machines for processing metal, wood and plastic, machines for the chemical industry, agriculture, mining and the beverages industry, textile machines, construction machines, packaging machines and machine tools; motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); agricultural implements other than hand-operated; hydraulic accumulators for storing and providing pressure; hydraulic accumulators, in particular diaphragm accumulators, piston accumulators, accumulators for axle suspension, wheel suspension and/or cab suspension; belts for machines; rollers for printing machines; pump and valve diaphragms; antifriction bearings for machines; ball bearings, roller bearings and plain bearings as machine parts; self-lubricating bearings; bearings for transmission shafts; journal boxes [parts of machines]; gaskets being parts of machines or engines; mechanical seals being parts of machines or engines, in particular being crankshaft seals; mechanical seals being transmission seals, turbocharger seals or for sealing electric motors; mechanical seals for hydrodynamic or pneumatic applications being parts of machines, engines or gearboxes; rotary shaft seals being parts of machines or engines; rod wipers and piston guide rings used in hydraulic and pneumatic cylinders; guide and oil-removing elements for hydraulic and pneumatic cylinders; intake manifolds for land, air and sea vehicles; parts for motors and engines of air and water vehicles, namely shaft couplings, transmission shafts, journals; piston rings, guide rings, valves and parts therefor, bearings and guides, shaped parts and moulded parts for mechanical machines, in particular of plastic or predominantly of plastic, in particular of fluorocarbon resin or elastomers; machine belts; bellows; blow guns, in particular folding bellows of rubber, folding bellows of TPE; elastic bearings for machines or engines as noise and vibration absorption parts; pneumatic springs and spring legs with bellows of elastomeric material for supporting vibrating machine; elastic springs for damping noise, vibration and shock insulation as parts of machines; multilayer springs for damping noise, vibration and shock insulation as parts of machines; parts of motors for damping and vibroinsulation; gas-distributing and valve-actuating machinery; parts for motors and engines of land vehicles, namely bearing pins; finished products of vulcanised perfluoroelastomers in the form of membranes for use as parts of machines in hydraulics, pneumatics and mechanical engineering; rubberised chain wheels (parts of machines); belts for engines and motors of vehicles.

Cl.9: Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; plug-in connectors; plug-in connectors, in particular electrical connectors; sheaths for electric cables; fuel cells and parts thereof; printed circuits; junction sleeves for electric cables; covers for electric outlets; sensor housings; connector housings; electronics housings, magnet armatures; magnetic encoders.

Cl.12: Vehicles; apparatus for locomotion by land, air or water; drive gears for land vehicles; drive belts for land vehicles; clamping rollers for vehicles; parts for land vehicles, namely shaft couplings and transmission shafts; parts of land, air and sea vehicles, namely shock absorbers, shock-absorbing springs, suspension springs, air springs; vehicle bodies made from polytetrafluoroethylene; pneumatic springs and spring legs with bellows of elastomeric materials for supporting vibrating vehicles.

Cl.17: Rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; sealing and packing cord, packing and stopping materials, seals for sensors; gasket support rings; artificial resins, in particular fluorocarbon resins or elastomers, being semi-finished products in the form of plates, tubes, rods, blocks, flexible pipes, not of metal, fittings, expansion joints, films for sealing purposes, filling material for reaction columns, balls, filter material in the form of fibres or porous plates; guide tubes, insulating tubes and insulating parts for electrical purposes, having springs with corrosion-resistant coatings for sealing purposes, in particular for mechanical seals, corrugated tubes for vacuum operation and being spring washers; all of the aforesaid goods being made of or predominantly of plastic, in particular of fluorocarbon resin or elastomers; shaft seals of polytetrafluoroethylene, gum or highly elastic and thermoplastic plastics, including combined with metal or other plastics, in particular lip seals for moveable parts of machines; radial shaft seals, shaft sealing rings, cassette seals; combination seals; rotary seals; packings for static seals; valve stem seals; hydraulic brake seals; o-ring seals; support seals; composite seals; fibrous gaskets; butterfly valve seals; sealing plugs being metal-elastomer composite parts (predominantly of elastomers); seals for shock-absorbers and gas springs; valve spindle seals; seals for hydraulic braking systems; seals for hydraulic and pneumo-cylinders; sealing rings; o-rings; flat seals; profile seals; axle seals; sealing plates; insulating foils; sealing frames as sealing gaskets; hydraulic and pneumatic seals, in particular rod seals; piston seals; rod wiper seals; buffer seals; wiper rings and guide rings for sealing against oil, grease or air in hydraulic and pneumatic cylinders; plastics in extruded form for use in manufacture, being elastic rubber-like plastics, in particular...
including combined with metals and other plastics, in particular moulded parts, including boards, sheets and flaps, profiles, discs and washers; screw seal rings, in particular rubber metal seal rings, for example so-called USIT rings; plug-in pieces, namely stopping materials of rubber; rotary pressure seals; insulating membranes, in particular for use in accumulators, separators, pumps, regulating and switching apparatus; partitions, being insulating membranes, in particular being insulating membranes of elastomers; moulded sealing parts of polytetrafluoroethylene; solid silicone insulation materials, namely jet formers for showers, seals, diaphragms, housing parts and injection-moulded parts; moulded insulation parts for machine elements made of liquid silicon; liquid silicone sealing compounds; plastics in the form of sheets, blocks, spheres, rods and tubes; moulded sealing parts of PTFE; grooved rings, in particular including grooved rings of PTFE; static and dynamic seals; cylinder joinings [seals]; V-packings as multiple lip (chevron) packing seals designed to seal static reciprocating and centrifugal applications, where the male and female adapters are used to complete a set of vees; stuffing box packings (seals); micro-parts of plastic or elastomeric material (semi-finished products); non-metal seals, namely, oil seals, fluid seals, insulating seals, reinforced seals, elastomeric seals, seals for pistons and rods, namely, cups, rings, packings and gaskets, all the foregoing for sealing oil, grease or air in hydraulic and pneumatic applications; packaging materials for moulded seals for sealing and insulation purposes; plates of graphite-based materials for use as sealing rings, packing seals and heat insulation; slide ring packings, sliding ring seals and gasket support rings; glide ring packings, seals, and sealing support rings for sealing oil, grease or air in hydraulic and pneumatic applications; guide elements for hydraulic and pneumatic machines, namely guide rings and bearing rings for protecting cylinder rods and pistons; sound insulating multilayered sheets and formed parts of foam and/or plastics for vehicle cabins, for the building industry and for industrial machines; perfluoroelastomers being films, plates and rods (semi-finished products); moulded semi-finished parts and finished products of vulcanised perfluoroelastomers, in particular in the form of seals and o-rings, for use in hydraulics, pneumatics and mechanical engineering; barrier materials; sealing polymeric membranes, filtering polymeric porous membranes in hollow fibre form, filtering transfer membranes of polyamides, filtering waterproof membranes made of polymers, insulating water proofing membranes, insulating waterproof membranes of vulcanised fibre.
Computer programs for control devices that perform sequence control, servo control, control of industrial robots, numerical control, control of energy conversion, inverter control or electronic control; computer programs used as software development tools for control devices that perform sequence control, servo control, control of industrial robots, numerical control, control of energy conversion, inverter control or electronic control; computer programs for robot operating programs; computer programs used as software development tools for robot operating programs; computer programs, recorded; pre-recorded computer data carriers; downloadable computer programs; computer programs used as software development tools for robot operating programs; computer programs used as software development tools for control devices that perform sequence control, servo control, control of industrial robots, numerical control, control of energy conversion, inverter control or electronic control; computer programs used as software development tools for control devices that perform sequence control, servo control, control of industrial robots, numerical control, control of energy conversion, inverter control or electronic control; computer programs for recording
images, sound or video; computer programs for transmission of images, sound or video; computer programs for processing of images, sound or video; object recognition apparatus; electronic motor control apparatus; electronic servo motor controllers; industrial robot control apparatus; servo motor controllers.

bright steel; bars of bright steel; tubes of bright steel; carbon steel; cast steel; gations of steel wire; common metals and their alloys, including stainless steel; elbows of metal for pipes, including in alloy steel and titanium; cold-finished steel bars; stainless steel; coated plates and sheets of steel; galvanized steel plates; galvanized steel sheets; heavy metals; anodized metals; hollow steel bars; steel strips; hot-rolled steel bars; fences of metal; iron or steel scraps; hot-rolled steel tubes; joists of iron or steel; junctions of metal for pipes, including in alloy steel and titanium; modular prefabricated steel frames; plated steels; pipes of metal, including in alloy steel and titanium; steel sections; rolled steel; metal rods for brazing and welding, including in alloy steel and titanium; rolled steel; roller blinds of steel; steel sheets; sheets of metal, including in alloy steel and titanium; steel forgings; steel fibers; stainless steel in the form of sheets; metal brazing for stainless steel; stainless steel in the form of tapes; tubes of stainless steel; unwrought or semi-wrought steel alloys; steel; beams of steel; building materials of steel; steel castings [semi-finished]; steel cylinders for compressed gas; steel bottles for liquid air; steel drums [sold empty]; steel barrels; sold empty; steel buildings; steel for cans; steel frames for building; steel grilles; grinding balls of steel; grinding bars of steel; in the form of sheets, rods, bars and billets; steel rods; steel in the form of rolls; steel in the form of sheets; steel in the form of plates; steel in the form of sheets; steel masts; steel tubes; rails of steel; steel poles; reinforcing steel intended for the construction of concrete floors; steel sheet metal for automobile bodies; steel sheet metal for building; steel storage silos; unwrought or semi-wrought steel; steel wires; steel in the form of reeds; building steels; tubes of steel, including laminated, peeled or milled; unwrought steel; valves of metal other than parts of machines, including in alloy steel and titanium; vinyl coated steel sheets; vinyl coated steel sheets; welding steel; zinc-coated steel sheets; iron; turnings of iron; hardwire of metal; molybdenum iron; iron pyrites; chrome iron; titanium iron; silicon iron; iron alloys; sponge iron; cast iron; steel balls; pig iron; iron ores; iron wire; iron strip; galvanized steel; unwrought or semi-wrought cast iron; cast iron railway material; iron pipes; chrome; ductile pipes of iron; stretchers for iron bands [tension links]; stretchers for iron bands [tension links]; iron foundries [semi-finished]; carbon steel alloys; unwrought or semi-wrought iron; coating plates of metal for building; floors of metal; metal profiles; partitions of metal; multi-layered metal panels; wall linings of metal; coatings and linings of metal (building materials); hardware of metal for building; ironwork for windows; windows for iron welding; non-electric cables of iron; non-electric wires; pure iron ingots; rails of metal; common metals; metal wires [common metal]; billets of metal; floors of metal; sheets of metal; roofing of metal; raftings of metal; pallets of metal; forged metal parts; grilles of metal; sheet metal; tubes of metal; tubes of metal; roofing structures of metal; metal for plating; ores of metal; brazing alloys; rolled metals; ferrous metals; blooms [metallurgy]; drain pipes of metal; metal collection tins; structures of metal; processed ores of metal; alloys of common metals; fittings of metal for compressed air ducts; fittings of metal for building; beams of metal; tin cans of metal; vats of metal; swimming pools of metal [structures]; pulleys of metal, other than for machines; ingots of common metals; bolts of metal; eye bolts; casks of metal; casks of metal; bells; bells; silos of metal; busts of common metal; loading gage rods, of metal; for railway wagons; screws of metal; nuts of metal; nails; tombs of metal; chimney pots of metal; doors of metal; paving blocks of metal; chimney shafts of metal; metal packaging containers; limonite; jalousies of metal; cornices of metal; flat bolts; cramps of metal; manifolds of metal for pipelines; rivets of metal; pillars of metal for building; framework of metal for building; doors frames of metal; wrapping or binding bands of metal; staircases of metal; metal sheets; reinforcing materials of metal, for concrete; fish plates (rails); metal duckboards; tree protectors of metal; pannels of metal; shattering of metal for concrete; windows of metal; platforms, prefabricated, of metal; iron slabs; transport pallets of metal; window frames of metal; railway points; zinc; tiles of metal; railroad ties of metal; oriented grain metal; non-oriented grain steel; cast iron parts for pipes [parts of machines].

Cl.7; Cutting presses for metalworking; steel sheet separators [machines]; machines and machine tools; motors and engines other than for land vehicles; motors and engines (other than for land vehicles); machine couplings and transmission components (other than for land vehicles); rolling mills; reels (machine parts); bits for mining machines; drifts for mining industry; extrusions for mining; parts for mining machinery; mineworking machines; grinders [for mining purposes]; grindingers for the mining industry; converters for steelworks; steel winches; metalworking machines; machining centers for metal working; metal extrusion presses; bending machines for metalworking; bending machines [for metalworking]; drilling machines for metalworking; pinning machines for metalworking; casting machines for molten metals; grinding machines for metalworking; honing machines for metalworking; hot-metal extruding machines; hydraulic presses for metalworking; industrial robots for metalworking; metalworking machine tools; metalworking machines; machines for machining of metals; mechanical presses for metalworking; machines for forming metals; presses for shaping metals; milling and grinding machines intended for the treatment of ceramics and metal; hydraulic oil presses intended metalworking; drilling machines intended for metalworking; shearing machines for metalworking; machines for planing sheet metal; machines for working steel sheets; machines for profiling metal; rolling mills for metal [machines]; robotic mechanisms for shaping metal; robot-operated presses for metalworking; rolling mill cylinders and other cylinders [machine parts]; continuous metal casting machines; machines for shaping, oxygenating, machining, welding, straining and punching metal, sheets and plates.

Cl.8; Apparatus and instruments for measuring, weighing, detecting and recording; operating system programs for computers; software; computer peripheral devices; recording apparatus; furnaces for laboratory experiments; downloadable electronic publications.

Cl.11; Industrial ovens and furnaces (not for food or beverages); ovens and furnaces for metallurgy; gas combination ovens intended for the production of steel; gas ovens with hearths and tanks for the production of steel; sanitary installations of stainless steel; washing sink tops of stainless steel [sanitary equipment]; degassing heating rods of steel; cast-iron components of pipes [parts of sanitary installations]; furnaces for molten metals; furnaces for decontaminating metals; furnaces for melting metal waste; furnaces for removing coatings from metal waste; ovens for recycling metals; furnaces for recycling metal waste; heating apparatus intended for the treatment of metals; casting channels for retaining the impurities of molten metal; filter chambers for liquid metal [components of blast furnaces].
for metalworking; application of paint to metal surfaces to prevent corrosion; maintenance and repair of presses for production, metal processing and metal working; abrasive cleaning of metal surfaces; repair of machines and apparatus
regard to the selection and use of steels.

persons; treatment of metal parts to prevent corrosion using hot-dip galvanizing and coating processes in the form of treatment [tempering]; treatment and coating of metal surfaces; treatment of metals; anti-corrosion treatment of metal stock; powder; treatment of slag from metal casting; treatment and processing of ores and ore concentrates.

Cl.16:Printed matter; printed publications; printed reports, all these products relating to the production, marketing, advertising and/or distribution and/or education and/or advisory services relating to the production of metal and steel products in connection with common metals and their alloys.

Cl.35:Commercial management services; information relating to business management; commercial information and consultancy services; assistance in the operation or management of industrial or commercial companies; business organization appraisals (commercial analysis); cost price analysis; marketing studies, all these services relating to the production, marketing, advertising and/or distribution of steel and metal products; extraction of data.

Cl.36:Fundraising and sponsorship; financial sponsorship of cultural events; financial sponsorship of sporting activities; financial sponsorship of sporting activities; charitable fundraising services.

Cl.37:Mining extraction; maintenance and cleaning of mining equipment; maintenance and repair of mining equipment; provision of information relating to the rental of mining machines and apparatus; repair or maintenance of mining machinery; rental of mining machines and apparatus; rental of drilling and mining apparatus; rental of self-propelled machines intended for mining; mining of natural resources; construction of steel fabrications; construction of steel structures for buildings; rental of masts; repair of hardware; repair of installations for use in metal production, metal processing and metal working; abrasive cleaning of metal surfaces; repair of machines and apparatus for metalworking; application of paint to metal surfaces to prevent corrosion; maintenance and repair of presses for processing metals; repair or maintenance of machines and tools for metalworking; repair and maintenance of machines and machine tools for treating and processing metals; provision of information relating to the repair or maintenance of tools and machine tools for metalworking; assembly of metal profiles (for others); advice on construction, including with regard to the selection and use of steels.

Cl.39:Transport by air, rail, sea and road of merchandise, especially steel and metal materials; distribution of merchandise (transport); packaging of merchandise; warehousing and storage of goods; storage of ores, metals and alloys; transport of merchandise by air, sea and land.

Cl.40:Treatment of materials using chemicals, heat and/or pressure; treatment of ores, steel, common metals and alloys thereof; treatment of metals and all mechanical, thermo-mechanical or chemical processing of properties and characteristics of metals, including direct reduction of iron, metal tempering, tin plating, nickel plating, soldering, galvanization, anodic oxidation, rolling, sintering, magnetization, electrolytic galvanization, molding, chromium plating, coating [plating], polishing, casting, milling, shaping, tin-plating, nickel plating, rolling, shielding, cutting, polishing, magnetization, cutting, polishing, plating, drawing, stripping and welding; recycling of metal products; treatment of materials during the manufacturing processing of metal products, such as forging, pressing, milling, deburring, rolling and shaping of metals; vacuum treatment; nitriding [treatment of materials]; treatment of materials for boiler making and sheet metal working; application of finishings to rolls and sheets of stainless steel; thermal treatment and coating of steel; cutting of steel; polishing of stainless steel; brushing of stainless steel; treatment of iron oxide; surface finishing of metal articles; embossing [metal treatment]; metal tempering; forgining [metal treatment]; profiling [metal treatment]; stamping [metal treatment]; enameling [metal treatment]; vapor deposition on surfaces of metal [metal treatment]; metal treatment [tempering]; treatment and coating of metal surfaces; treatment of metals; anti-corrosion treatment of metal parts; treatment of metal parts to prevent corrosion using hot-dip galvanizing and coating processes in the form of powder; treatment of slag from metal casting; treatment and processing of ores and ore concentrates.

Cl.41:Teaching; technical and non-technical training; editing and publication of books, magazines, periodicals, instructional manuals or user manuals; organization and conducting of colloquiums, conferences, seminars and congresses; organization of fairs and exhibitions for cultural or educational purposes; entertainment; organization of games and competitions (leisure and culture).

Cl.42:Scientific and technological services; industrial research and analysis services; design and development of software; technical project studies; technical and scientific advice and information; expertise and engineering in the field of metallurgy and iron metallurgy; expertise and engineering in the field of metallurgy and iron metallurgy; design and development of software, especially for iron and steelworking; mining exploration and mining; geophysical exploration for the mining industry; geophysical exploration for the oil, gas and mining industries; testing of building fittings; research on metals; metallurgical testing; design services in connection with metalworking tools; design of metal presses; development of coatings for non-metallic materials; development of coatings for metals; engineering services in connection with metal shaping systems; engineering services in connection with the handling of metal; analysis in the field of metallurgy; laboratory research services in the field of metallurgy; chemistry services relating to ores.
