and actuarial operations; computer programs for use in and to enable electronic commerce, mobile electronic commerce, 
financial transactions and payments through e-commerce and mobile e-commerce, online auctions and online arbitrage 
of goods, services, real property, commercial paper, stocks, shares and bonds; computer programs for management, 
control, monitoring, reporting, tracking, pricing, reconciling, positioning and resolving any trading in stocks, shares, 
bonds and commodities such as in a stock exchange, brokerage, commodities mart, whether real or virtual/electronic; 
computer programs for preparation of reports in different medias, namely, text, graphics, aural and brail; computer 
programs for creating and presenting computer simulations and real time demonstrations and presentations of business 
and financial processes and activities, for use in education, training, teaching and research; computer programs for 
monitoring and controlling physical security of and access to, any facility, person, entity, thing or creature; computer 
programs for military, civilian and business use for planning, handling and implementation of personnel, materials and 
facilities computer programs for navigation, location determination, and use of location information in applications, 
services or business processes; computer programs for use in and to enable data retrieval; computer software for 
application and database integration; microprocessors; semi-conductor memory chips for computers; blank magnetic 
computer tapes, blank discs for computers; blank audio cassette tapes; printers, software for printer computer 
integration; video monitors; computer peripherals, namely keyboards, mainframe and interface cards for data processing 
equipment in the form of printed circuits.

C1.35 Business consultations in the field of computers, computer hardware, computer software and computer 
systems, telephony and data communications and networking; providing business advice relating to the selection and 
use of computers, computer hardware, computer software, computer systems, communications networks for telephony or 
data transfer; data processing services; business data analysis; payroll preparation services; human resource 
management; personnel consultancy services; business process re-engineering; consultancy on mergers and 
aquisitions relating to technology companies; providing business advice on the use of advanced computer and 
communications technologies and their integration with current or future computer and communications systems; 
provision of temporary staffing, staff augmentation and human capital management outsourcing; business process 
consulting related to software applications; outsourcing services related to software applications; business process 
outsourcing; outsourcing services concerning business management and administration, customer administration 
services and accounting and settlement services; outsourcing services relating to computers and computer network 
systems; outsourcing in the field of management of computer software applications; market research and behavioural 
analysis services; advertising, marketing and promotional services; customer relationship management services; 
consultancy services in relation to all the aforesaid.

C1.38 Telecommunications services; cable, satellite, television, radio and internet broadcasting services; provision of 
access to the internet; communication services by means of radio waves, telephone, mobile radio, the internet, the 
worldwide web, facsimile, electronic mail; electronic message collection and transmission services; computer aided 
third party transmission, broadcast and reception of sound, data or images; paging services (radio, telephone or other means of 
electronic communication); internet and intranet communication and provision of access services; operation of earth-to-

satellite telecommunication transmitters for transmission of signals to satellite; provision of communication facilities via 
telephones, computer terminals, fibre optic networks, wire; communication and transmission of multi-media information in 
the form of text, audio, video or animation and interactive services for facilitating the viewing of text, audio, video or 
animation, and/or giving access to multimedia content via a wireless network; radio and television broadcasting services 
including text and voice messages, and providing access to downloadable videos, games, ring tones, data files, 
programs (logos, screen savers, icons) and music; videotext services, viewdata services; screen based text transmission 
services; providing access to digital music of all styles, types and genres and spoken audio material of all styles, types 
and genres via websites on the internet or any other communications network; transmission of digital music of all styles, 
types and genres and spoken audio material of all styles, types and genres by communications; provision of 
computer-aided transmission of messages, images and sounds between computers via telephone, radio, television and 
other communications systems; computer-aided transmission of information relating to music, podcasts, providing access to really simple syndication (rss) feeds; digital audio 
broadcasts; providing access to online web logs [blogs], online forums, chat rooms and electronic bulletin board services 
telecommunications; providing access to an internet discussion website; transmission of radio and television 
programmes; transmission of information relating to online shopping services; interactive services for facilitating the 
recording of programmes automatically initiated on the basis of customer viewing habits/preferences chat room services 
for social networking; delivery of audio, video, and multimedia content by means of global computer and communication 
networks; providing multiple-user access to a global computer information network; providing online forums, providing 
access to a blog chat room, bulletin board or discussion services for transmission of messages among users in the fields of 
social, educational, political, cultural, and general interest; consultancy services in relation to all the aforesaid.

C1.42 Data encryption services; scientific, technical and security research; provision of services relating to secure 
processing of information; design and maintenance of databases, software and documentation; data security services; 
data management on servers; database design and development; providing consultations and advice concerning 
computers, computer systems, computer programming and computer software and hardware; computer software design 
for others; technical consultation and research in the field of computers and available computer services; installation, 
maintenance and repair of computer software for electronic data and repair apparatus of instruments; telecommunications 
apparatus and instruments, communications apparatus and instruments and satellite apparatus and instruments; 
leasing and renting computer hardware and software; providing an online non-downloadable search engine for the 
retrieval of data and business information; providing on-line access to data or digital content through electronic 
permission codes; technology consultation in the field of navigation technologies and global positioning technologies; 
provision of services relating to network compatibility and accessibility of users, devices, systems, applications and 
capabilities; software implementation services; software application management services, namely, designing, integrating, 
and maintaining of software applications for others; consultancy services in relation to all the aforesaid.

NOTICE

Applicants for registration of Trade Marks and their agents are particularly requested to quote in their replies full and complete Reference Letter No. and date, application number and the class to which it relates and send to the concerned office of Trade Marks Registry. This would facilitate quick disposal of letters.

OM PRAKASH GUPTA, IAS
CONTROLLER-GENERAL OF PATENTS, DESIGNS, TRADE MARKS & GI
