Plywood is one of the most commonly used wood based panel product in construction and furniture industry. It is manufactured by lamination of word veneer layers pasted by synthetic adhesive under controlled temperature and presser. Plywood has many grade and type, which construction depend on its end uses. The main grades are plywood for general purpose, marine grade, decoral, etc. Plywood is eco friendly and it is helping in construction of environment.

NOTICE

Applicants for registration of Trade Marks and their agents are particularly requested to quote in their replies full and complete Reference Letter No. and date, application number and the class to which it relates and send to the concerned office of Trade Marks Registry. This would facilitate quick disposal of letters.
