Cl.9; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; apparatus for recording, input, storage, transmission, dissemination, reading, reproduction, processing of sound, images and information; audio and video files; data processing apparatus and equipment; software for downloading music, sound, images and text, game software for computers or consoles, interactive multimedia software, recorded entertainment computer programs; interactive multimedia software for education and entertainment, recorded sound and/or image media, magnetic and digital recording media, optical disks, CD-ROMs, exposed films, video and audio tapes, sound recording disks, music cassettes, recorded music and/or video tapes, digital compact cassettes, minidisks, audio, video and multimedia compact disks, digital versatile disks (DVDs), computer equipment and programs for transmission and reception of data, sounds, films, audiovisual content and images made available on a global telecommunication network to telephones or television sets; computer equipment and programs for transmission and reception of television programs, films and audiovisual content on a global telecommunication network or on telephones; electronic publications

Cl.28; Games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; electronic games designed to be used with an external display screen or monitor

Cl.35; Advertising; business management; business administration; office functions; advertising on telecommunication networks (including computer networks); production and distribution of radio and television advertisements, distribution of advertising material, database management; administrative and commercial management of computer servers, of data, sound and image transmission networks, of telecommunication networks (including via computers), dissemination of advertisements; compilation of information into computer databases, organization of advertising campaigns for subsidiaries; auction sale services by means of telecommunication networks (including computer networks), on-line sale of audio and video files and media, of electronic and video games, on-line sale of data, sounds, texts, images, files and of text, audio, visual and audiovisual media and of data media by others via a computer network, information and evaluation regarding the commercial performance of buyers and sellers; promotion of recreational activities and events; updating of data in computer databases

Cl.38; Telecommunications, telecommunications via television, radio, telephone, via fiber-optic networks, via telematic means, via satellites and via computer networks, including via a global telecommunication network; communications by computer terminals, dissemination, supply and exchange (transmission) and secure transmission of data, sounds and images, of radio and television programs, using telecommunication apparatus or computers via a global telecommunication network or telecommunication network portal; transmission, dissemination, particularly on-line, and electronic recovery of messages, data, sounds and images via telephone, computer, cable, satellite and radio relay waves; consultancy and information in the field of telecommunication networks, including via computers; messaging and radiopaging services, mobile telephone, call transfer and call forwarding services, telephone directory and inquiry services, voice messaging; provision of access to interactive or non-interactive databases, to on-line information and communication services, to software for interactive games via television, satellite or a telephone and/or electronic network; provision of access to a telephone, radiotelephone and telecommunication network; provision of access and connections to a telecommunication network (including a computer network), to databases, to an Internet site, to a telecommunication network portal, to an electronic messaging service, to electronic pages, information on the aforesaid services in particular via a communication network, services for exchanging information, signals, images, sounds and data on-line whether secure or not, provision of discussion forums on-line via a telecommunication network (including via computers), via a telecommunication network portal, or via an electronic messaging service; provision of access to a website in the field of entertainment for exchanging information; operation of telecommunication networks and telecommunication sites for electronic commerce (including via computers); news agencies; rental of access time to a database server center; provision of access to a telecommunication network portal, in particular via a computer, telephone or television; provision of access to search engines via telecommunication networks; transmission (telecommunication) of display bulletins on-line for dispatch, promotion, sale and resale of articles via a global computer network, as well as for collection and dissemination of statistical, quantitative and qualitative information concerning the
sale and resale of articles via a global computer network, transmission (telecommunication) of analyses and on-line
distribution of statistical, quantitative and qualitative information concerning the sale and resale of articles via a global
computer network; transmission (telecommunication) of display bulletins on-line for dispatch, promotion, sale and resale
of articles via a global computer network, as well as for collection and dissemination of statistical, quantitative and
qualitative information concerning the sale and resale of articles via a global computer network, transmission
(telecommunication) of analyses and on-line distribution of statistical, quantitative and qualitative information concerning
the sale and resale of articles via a global computer network

Cl.41; Education; providing of training; entertainment; sporting and cultural activities; entertainment provided on-line
via local and global networks or a computer database or a telecommunication network portal; information regarding
entertainment and cultural activities; on-line editing and publishing of digital data, sound and image media; rental of
cinematographic films, video films and musical recordings, booking of seats for shows; production of films, shows,
musical recordings, television and radio broadcasts; photographic reporting; music publishing, videotape editing,
publishing of interactive games for computers, consoles, portable terminals and global computer networks; entertainment
information regarding current developments in films and other audiovisual productions, game services provided on-line
from a telecommunication network (including a computer network), organization of entertainment activities and events,
creation, production and dissemination of programs and events particularly audio and video programs and events for
dissemination on a telecommunication network (including a computer network), information concerning entertainment or
education provided on-line from a data bank or a telecommunication network or a telecommunication network portal,
organization of games, contests and competitions, particularly via a telecommunication network (including a computer
network) or a telecommunication network portal; information on entertainment, education, sporting and cultural activities
provided on-line from computer databases or the Internet

Cl.42; Scientific and technological services and research and design relating thereto; industrial analysis and research
services; design and development of computer hardware and software; design, updating and development of compact
disks, interactive CD-ROMs, digital videodisks, CD-ROMs, audio and video files in connection with the Internet and of
other recording media; design, development, maintenance and updating of Internet sites; design and development of
pages disseminated via a telecommunication network (including a computer network), drawing up, maintenance and
updating of a search engine for a telecommunication network; information on computing; design of telecommunication
networks and design and updating of telecommunication sites for electronic commerce (including via computers),
Internet site services

NOTICE

Applicants for registration of Trade Marks and their agents are particularly requested to quote in their replies full and complete Reference Letter No. and date, application number and the class to which it relates and send to the concerned office of Trade Marks Registry. This would facilitate quick disposal of letters.
