testing and quality control apparatus, in particular electric testing instruments, electrical circuit testers, electrical circuit testers, power testers, voltage monitor modules, voltage testers, power testers, temperature sensitive testing apparatus for industrial use; measuring, counting, guiding and calibrating instruments, in particular distance and size measuring instruments and apparatus, acceleration sensors, data loggers and data recorders, digital measuring devices, torque measuring apparatus, dosage dispensers, flow measuring apparatus, flow meters, electric measuring devices, electric current meters, electronic sensors, electronic measuring devices, teleometers, filling level meters, speed measuring instruments and apparatus, weight measuring instruments and apparatus, phase angle meters, electricity metering instruments, temporary measurement instruments and apparatus, ultrasonic measuring apparatus, volumetric measuring apparatus, timing apparatus; sensors and detectors, in particular distance sensors, approximation detectors, flame detectors, fire detectors, fire sensors, pressure sensors, electric smoke sensors, electric smoke sensors, electric sensors, electronic sensors, electro-optical sensors, on-off sensors, level sensors, cable detectors, light sensors, magnetic sensors, approximation detectors, proximity sensors, piezoelectric sensors, interfaces for detectors, sensor, electric, sensors used in plant control, sensors for engines, sensors for use with machine tools, output other than for medical use, ultra-violet sensors, thermal sensors, thermocouples, temperature sensors, controllers (regulators), in particular automatic control equipment, automatic control apparatus, process control digital controllers, pressure regulators, electronic cruise control apparatus, flow control installations [electric], electrical remote control apparatus, electric power controllers, electronic cruise control apparatus, process control units [electric], electric control valves, electric control boards, robotic electrical control apparatus, electrical controls, electric control installations, electric control apparatus, electric control valves, valve operators [electric controls], electrical remote control apparatus, electronic cruise control apparatus, process controlling apparatus [electronic], electronic controllers, electronic controllers, electro-dynamic remote control apparatus, energy control devices, remote control apparatus, remote control apparatus, instruments for temperature control, electrical controllers, electric power controllers, solenoid operated valves, solenoid operated valves, numerical control apparatus, programmable control apparatus, programmable controllers, process controlling apparatus [electric], process controlling apparatus [electronic], process controlling apparatus [electric], electronic apparatus [electronic], room thermostats, electro-dynamic apparatus for the remote control of signals, industrial process control software, remote, electric or electronic control stations, temperature control apparatus [thermostats] for machines, heat regulating apparatus, temperature controlling apparatus for machines, thermal controls [thermostats], thermal cut-offs; security, safety, protective and signalling apparatus and equipment, in particular alarm buttons, alarm and warning equipment, fire protection apparatus, smoke detectors, smoke sensors, protection and safety equipment, security screening apparatus, signalling apparatus, programmable apparatus, access control apparatus, apparatus, electric mains monitoring apparatus, relays, electric, switch gear [electric], switch gear [electric], electrical power distribution blocks, relays, electric, electrical distributors, fault voltage breakers, fault current breakers, frequency transformers, frequency transformers, current converters, direct current converters, impedance transformers, power
relays, power controllers, power dividers [electric], voltage stabilizing power supply, rotary converters, relay sockets, switching apparatus, electric, switchboxes [electricity], switching power supply apparatus, voltage regulators for electric power, voltage stabilizing apparatus, voltage converters, voltage-to-current converters, electrical power adaptors, rectifiers, current breakers, power distributors [electrical], electrical surge arresters, electrical surge arrestors, distribution boards [electricity], inverters for power supply; electronic components, in particular adapter plugs, cabinets adapted to hold electrical apparatus, connection blocks [electric cable], junctions [electrical], terminal boxes for electric conductors, connection cables, electrical plugs, electric connection units, antennas and aerials as components, cut-out switches, electric control panels, bus interfaces, touch sensitive electronic screens, pressure switches, pressure-to-current converters, electric adapter cables, electric blanking plugs, electric push switches, electrical push button switches, electric sleeved rails, electrical connecting terminal blocks, electric contact blocks, contacts, electric, electric contact fuses, electric couplings, electric light switches, linear actuators [electric], electric or electronic control modules, switches, electric, electric switch cabinets, plug-in electrical connectors, electrical circuits and circuit boards, electric fuses, electric breakers [switches], electromagnetic relays, electromagnetic switches, electrotechnical components, residual current apparatus, housings for electrical apparatus, cable identification markers for electric cables, ducting for electric cables, cable and wire, cable connectors, markers for electrical conductors, strip terminals, load break isolators, switches, electric, ducts [electricity], light regulators [dimmers], electric, light switches, magnetic switches, motor protection relays, proximity switches, switches, electric, bus bars, sensor switches, safety relays [electric], fuse holders, fuse blocks, voltage limiters, plug-in connectors, current limiters, circuit distributors, power line conditioners, power connectors, temperature control devices [electric switches] for machines, temperature control apparatus [electric switches], temperature switches, overload relays, overvoltage protection relays, inverter controllers, interrupting modules, junction boxes, connecting modules for electric controls, plug-in connectors, junction boxes for electric wires, ballasts for electrical lighting fittings, conductor bars; terminals [electricity], in particular terminal blocks, box terminals; identification markings for terminal blocks; plug-in connectors, in particular printed circuit board connectors; information technology apparatus, in particular analogue to digital converters, data collection apparatus, data collection apparatus, encryption apparatus, data storage devices, data processing equipment and accessories [digital], data processing apparatus, analogue to digital converters, computer programming, communications equipment; data storage devices, in particular identification strips (magnetic); data processing equipment and accessories (electrical and mechanical), especially computers and computer hardware, peripherals adapted for use with computers, peripherals adapted for use with computers, data entry terminals, data terminals, electric programming units, electronic programming units, electronic control systems, computers and computer hardware, in particular computer components and parts, computer programming units, process computers, wearable computers; computer components and parts, in particular adapted housings for computers, computer programming, data bus interface apparatus; peripherals adapted for use with computers, in particular covers adapted for computers, monitors, monitors; communications equipment, in particular antennae and antennae installations, being communications apparatus, computer network and data communications apparatus and equipment, frequency stabilisers, radio transmitter units, radio signal receivers, apparatus for processing of digital signals, multiple control devices for signal transmission, transmitters and receivers, transmitters for transmitting electric signals, transmitters for transmitting electronic signals, video transmission apparatus; software, in particular application software, computer operating systems, interfaces for computers, computer programs for project management, computer programs relating to local area networks, computer programs for network management, computer software for use in remote meter monitoring, computer software for use in remote meter reading, computer software for time control, firmware, factory automation software, software to control building environmental, access and security systems, control segment integration software, process controlling software, interfaces for computers; parts and accessories for all the aforesaid goods, included in this class.
