Cl.1; Chemicals for the treatment of water and liquid and/or solid waste, namely flocculants, coagulants, polyelectrolytes, reagents; chemical products and additives for water conditioning, namely, biocides, organic detergents, anti-corrosive products, softeners, chemical agents for conditioning boiler water, metal tanks, heating installations and equipment, equipment and installations for cooling and refrigerating, water supply equipment, thermal condensers and other installations with piping and duct systems; organic amendments, from the processing and purification of water and liquid waste, for fertilizing soils; compost and growing media obtained from treatments carried out in treatment stations for liquid and solid waste and/or in purification plants for urban or industrial waste water; oxidizing products for purifying, disinfecting and sterilizing liquids, especially for water treatment and for preserving foodstuffs; chemical products used in industry or for use in industrial manufacturing processes.

Cl.6; Common metals and their alloys; building materials of metal; transportable buildings of metal; materials of metal for railway tracks; cables, wires and non-electric locksmithing articles; small hardware of metal; pipes of metal; safes; ores; buildings of metal; scaffolding; boxes of common metal; chests of metal; metal packaging containers; containers of metal for transport; tanks of metal.

Cl.7; Machines for water treatment, pumps, valves and other machines for storage and distribution of water for household purposes such as drinking water, waste water, rainwater, garden water; machines for spraying, bottling; machines and installations for physical-chemical or biological processing, centrifuging, pressing and spreading of liquid, semi-liquid and solid waste, especially from sludge from water treatment; machines for drying waste and purification sludge; machines for automatic sorting of waste, especially of household packaging waste; packing and unpacking machines for waste; waste vacuum cleaners.

Cl.9; Apparatus for dosing chemicals, chemical-physical and biological reagents; programmable automatons for measuring, tracking and monitoring water quality parameters, software for the analysis and monitoring of water and waste quality parameters; measuring and monitoring apparatus and instruments applied to the distribution and treatment of water; measuring and monitoring apparatus and instruments applied to the consumption of energy and fluids; mechanical, electronic, magnetic and/or optical data carriers for recording and measuring fluids such as water, gas and
electricity with a view to ensuring their supply and monitoring consumption; programmable computer apparatus and installations for remote surveillance, remote management, remote control, using the self-switched network, specialized lines or microwave radio links for measuring and monitoring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; monitoring software for networks for the supply and collection of waste and drinking water; software for management and analysis of energy and fluid consumption (recorded programs); computer hardware for simulating the operation of stations for drinkable water treatment or purification of industrial and municipal water; computer equipment, software, databases and computers for controlling, regulating, modeling and management of purification and rendering drinkable stations; scientific apparatus and instruments (not for medical purposes) for programs optimizing of carbon dioxide in connection with the operation of water treatment plants, water management, collection and processing of waste, and air treatment; components for the aforementioned apparatus; electric apparatus for monitoring and quality control for sea water; apparatus and instruments for chemical and bacteriological analysis (for non-medical use); software for generating water pricing; measuring and checking apparatus enabling connections and tanks for water storage.

Cl.11; Installations for producing steam, for producing electricity and for incinerating waste; apparatus and installations for treating and supplying water or liquid; apparatus and equipment for clarification, physical, physical-chemical filtration, softening, demineralization and demineralization on ion exchangers for water or liquids; accessories and equipment for treating water or liquids on membranes (ultra filtration, nano-filtration and reverse osmosis); cartridge filters of metal or textile, filters for sand, active carbon or any other granular material; installations for iron removal, demanganisation and biological elimination of nitrates from water; apparatus and installations for disinfecting and sterilizing liquid and gaseous fluids by ultraviolet rays and other radiation; installations for the treatment of plant and/or animal organic matter, of urban or industrial origin (in particular waste from green spaces, sludge from treatment plants for sewage and solid and liquid waste and/or household or industrial waste water treatment plants); hot water heating installations, installations for sea water desalination, apparatus and installations for the treatment of water and effluent from the chemical and food processing industry, apparatus and installations for the treatment and reusing of waste; apparatus for steam generation, crystallisation, distillation, drying, heat exchangers, air heaters, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for treating water or liquids, namely, decanters, sterilizers, carbonators, coalescer apparatus, mixers; apparatus for treating air, namely, deodorising, purifying; fixed or mobile equipment and installations for the treatment of water and the treatment of waste; water filtering machines, particularly by membranes, bioreactors, ion exchangers, mixers; machines for injecting physical or chemical reagents for the treatment of waste or water; machines, apparatus and devices for water supply; machines for irrigation, mobile or fixed machines for water treatment and for processing of waste; electric apparatus and instruments for generating oxygen from gases such as air or oxygen.

Cl.12; Vehicles; apparatus for locomotion by land, air or water; industrial truck, dump trucks, automobile lorries, trailer vehicles.

Cl.19; Non-metal water pipes, industrial concrete for civil engineering works, water supply ducts and sanitation networks; insulating glass (construction), non-metallic buildings, namely pipelines, gas pipelines, non-metallic poles for electric power lines; non-metallic building materials, non-metallic buildings and particularly transportable buildings not of metal, non-metallic rigid pipes for building, asphalt, pitch, bitumen, cement, lime, slate, clay, reinforcing materials not of metal for building, ballast, building timber, bricks, marble, coatings, stairs not of metal, windows not of metal, doors not of metal, roof coverings not of metal, shutters not of metal, non-luminous and non-mechanical road signs (not of metal), gutters, materials for making and coating roads, lighting slabs, binding material for road repair, tar, tarred strips (construction), road safety barriers not of metal, glass granules for road marking, sheets and strips of synthetic material for marking roads, granules, gravel.

Cl.35; Assistance provided to industrial or commercial companies pertaining to business operations; business information services, business management and consultancy, business planning services, business research and business studies; market study services; direct mail advertising (leaflets, prospectuses, printed matter, samples); organization of exhibitions for commercial or advertising purposes; promotional sponsorship of sports and artistic competitions; arranging and organizing fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper subscriptions for others, press review services, business relocation, writing of publicity texts, marketing research, economic forecasting, compilation of statistics, computerized file management, personnel recruitment, cost price analysis, document reproduction, compilation of information into computer databases, commercial information and advice for consumers; administrative management of Internet sites and intranet in the field of the management and monitoring of the consumption of energy and fluids for real estate assets; logistics organization services for the collection, transport, storage, processing and distribution of all types of municipal or industrial waste, namely, computer file management, services of computer data input and compilation of this data in computer files; advertising and commercial information services for users; creation and management of user files for the collection, transportation, storage, distribution and recycling services for all types of industrial and household waste; promotion for others of the sale of registered packaging materials or collection equipment for healthcare activity waste; administrative processing of purchase orders: organization of group purchasing, namely procurement services for others; arranging contracts for buying and selling on behalf of others; computerized file management.

Cl.36; Insurance underwriting; financial affairs; monetary affairs; real estate affairs; real estate estimates; real property management; financing services; financial analysis; raising or investing capital; financial consultancy; financial evaluation (insurance, banking, real estate); fund investment.

Cl.37; Repair and maintenance services of apparatus for treating liquids and fluids; upkeep and maintenance of sewerage networks, restoration of aqueducts or water distribution pipes, construction of sanitation works, wastewater collectors, rainwater decontamination works, flood prevention works, pumping station renovation services, work to existing structures to improve the security and the quality of the water supply, construction of water treatment plants (for drinking water, urban and industrial wastewater, rainwater); services for installing water pipes and building water treatment plants, drilling of wells, construction, installation and repair of irrigation devices; maintenance and renovation of buildings, rehabilitation of sites, buildings, buildings, warehouses, land development services; restoration and
rehabilitation of degraded sites (cleaning and reconstruction); upkeep or cleaning of buildings, premises, floors (facade cleaning); disinfection, rat extermination, insect eradication; cleaning of structures, urban structures, works of art, underground works, road equipment, sites, industrial premises (exterior surfaces and cleaning), cleaning of water pipes, of industrial installations, high-pressure cleaning of underground works, road network cleaning services; upkeep and maintenance of buildings, roads, urban equipment; repair and maintenance of installations, apparatus, centers and units for storing waste and refuse, and of centers, installations, apparatus and units for recycling, processing, recovering and destroying waste and refuse; construction of installations, centers and units for storing waste and refuse, and of centers, installations and units for recycling, processing, recovering and destroying waste and refuse; maintenance and renovation of industrial and urban sewerage systems; rehabilitation of industrial and urban sanitation systems.

CI.38;Telecommunications; information on telecommunication; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network; rental of telecommunication apparatus; teleconferencing services; electronic messaging services; rental of access time to global computer networks; radio communication between flow meters and a central receiver that transmits information to a database; transmission of consumption, monitoring, tracking and pricing information via radio from meters to a central database; communication by computer terminals; provision of access to databases in the field of care services waste management; distribution (transmission) of information and alerts in the field of public safety.

CI.39;Water supplying, water distribution, collection of urban or industrial wastewaster, of sludge; collection, transport, sorting, disposal and storage of useful materials or of urban waste, industrial and radioactive waste, solid or liquid waste, industrial fats and office papers; collecting, transporting, grouping, sorting, identifying, processing and reconditioning (storage) all kinds of waste, and in particular urban, household, industrial, ordinary and special industrial, hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; disposal and storage of useful materials, waste, perishable or hazardous products; storage of waste in landfills; transport, packing and storage of fertilizer, organic amendments, compost and growing media; information services relating to the management of the collection, transport of healthcare activity waste.

CI.40;Processing and transformation of waste generated by households, public or private communities and enterprises, ordinary, special, solid, liquid, hazardous waste and related information; services for purifying and regenerating waste; waste and refuse recycling services, waste and refuse composting services; recycling services (processing of materials) of industrial, household, hospital, special, ordinary waste, from local authorities, companies (public or private), biological and energy recovery services for waste and refuse (processing of materials); ground clean-up services; degraded soil and site rehabilitation services (decontamination); destruction of waste and refuse, incineration of waste and refuse, disposal of industrial toxic waste, of industrial household, hospital, ordinary, special and non-toxic waste; water treatment services, water treatment services by introducing reagents, in particular in waters for human or animal consumption and in waters for industrial use, services for the sanitation and treatment of industrial wastewaters, production of materials; treatment of materials, namely treatment of waste and waste from water; processing of agricultural goods from plants or animals to develop fertilizers, compost and growing media; waste and trash cleaning services, information services related to the treatment of waste management of care services.

CI.41;Education; training; entertainment; sporting and cultural activities; information relating to entertainment or education; publication of books; videocassette film production; organization of competitions (education or entertainment); organization and conducting of colloquiums, conferences or congresses; organization of exhibitions for cultural or educational purposes; electronic publication of books and periodicals on-line; electronic desktop publishing.
