Cl.4;Industrial lubricants, oils and greases; lubricating oils and grease compounds for use in the automotive, industrial and metalworking industries; industrial lubricants for metalworking and metal casting; lubricating compositions, namely, industrial lubricants for casting dies; lubricating oils and greases for use in the working, rolling, grinding, cutting, finishing, and coating of metals; lubricating oils and greases containing chemically transformed petroleum derived hydrocarbons and mixtures of hydrocarbons used in rolling of metals as lubricant, protector, and cleaning agent during manufacturing, processing, or fabricating of steel or metal; lubricants for rolling and forming of ferrous and non-ferrous metals; lubricants for use in the hot rolling of aluminum sheet and plate; lubricating oils for hydraulic systems.

Cl.35;Chemical processing management services for others in the fields of chemical processing, metalworking and steelworking, namely, chemical procurement of industrial chemicals, inventory management and control, providing business consultation and advice in the fields of chemical processing and management thereof, and business consultation services in the field of chemical process optimization; providing an on-line interactive database for use by consumers of industrial fluids to analyze consumption rates, cost of use, and current properties thereof; on-site inventory management of lubricants and process fluids for others, namely, controlling inventory.

Cl.40;Chemical processing management services for others in the fields of chemical processing, metalworking and steelworking, namely, on-site observation and monitoring of chemical processing, consulting services in the field of waste reduction, management of the recycling of waste from such processing, and providing technical consultation in the field of chemical processing; industrial fluid waste treatment services.

Cl.41;Training in the nature and application of metalworking fluids.

Cl.42;Providing information regarding product development in the field of fluid cleaning, mixing and lubrication; consultancy relating to technical and scientific monitoring and controlling fluid applications on site.

Cl.45;Chemical processing management services for others in the fields of chemical processing, metalworking and steelworking, namely, preparation of material safety data sheet and environmental and occupational and safety compliance reports.
