Cl.6; Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes; goods of common metal not included in other classes; ores.

Cl.7; Starters for motors and engines; regulators (parts of machines); speed governors for machines, engines and motors; electronic speed controllers for electric motors; electric motors, combinations thereof of variable speed drives; motor reducers for operating blinds, screens, curtains, shutters, windows, garage doors, gates and gratings; mixers; pumps (parts of machines or motors); valves (parts of machines).

Cl.9; Scientific, electric and electronic devices and instruments for the transport, distribution, transformation, accumulation, regulation, filtering, measuring, signaling, control or operation of electric current, namely, the electric or electronic components for such devices and instruments, namely, bus bars, electric cables, transformers, rectifiers, semiconductors, electric relays, condensers, inductances, capacitors, fuses, starters, timers, safety switches, pressure switches, panelboards, load centers, switchboards, controllers, power monitoring equipment, electric metering equipment, sensors, electric vehicle controls, variable speed drives, cable tray, raceway; automation products, namely, numerical control and communication systems, logic controllers; control panels; static converters; programmers; computer hardware and software in the field of electrical distribution, industrial control and automation, electrical supply systems for computers; inverters; batteries; accumulators; supply, filtering, transformation, maintenance and storage devices of electric energy; automation distribution machines, calculating machines, computer and data processing equipment in the field of electrical distribution; light controls; electrical curtain controls; climate control systems consisting of digital thermostats, air conditioning, heating, and ventilation control devices; thermostats; temperature sensors; electrical plugs and sockets; electrical outlets; movable sockets; multi-outlet socket blocks; circuit breakers; circuit breaker panel boards; electric circuit switches; electric current switches; light switches; electric switches; light systems comprising light sensors and switches; power switches; uninterruptible electrical power supplies; battery system to provide backup power; surge protectors; voltage surge protectors; transient voltage surge suppressors with power conditioning technology; power conditioning devices; building and home automation systems comprising wireless and wired controllers; touch screens, controlled devices, and software for appliances, lighting, HVAC, building and home entertainment devices, security and other building and home electrical power monitoring and control applications; remote circuit breaker control switch operators; electrical apparatus, namely, charging stations for charging electric vehicles; motion detectors; apparatus for converting electronic radiation to electrical energy, namely, photovoltaic solar modules; programmable controllers and actuators that track the sun enabling concentrating optics to maximize solar energy input; security systems comprising software and hardware for providing picture, video, alarm status, building plans, and other information to a remote station; electrical and electronic burglar alarms; electronic door alarms; security products, namely, door entry systems comprising touch pads and security doors, security cameras, and recorders; fire alarm and emergency evacuation devices, namely, fire alarm control panels, smoke detectors, heat detectors, and audible and visible notification appliances; timers for controlling lighting; television antennas; dish antennas; computer network adapters, switches, routers and hubs; cable connectors; telephone and computer network outlets; computer networking hardware; electronic monitors and monitor modules for monitoring electricity consumption and greenhouse gas emission; electronic audio components for use in buildings and homes, namely, surround sound systems, speakers, receivers, tuners, amplifiers, pre-amplifiers, equalizers, turntables, CD players, digital-to-analog converters, and networked digital audio players; building control, management and command electric apparatus, namely: apparatus and instruments for the analysis, protection, inspection, measurement, signalling, regulation, setting, monitoring, maintaining, supervision, design, management, control and remote control of lighting, heating, cooling, humidifying, ventilating, air-conditioning, energy consumption, fire safety, access control and energy management systems; electric or electronic
apparatus and instruments for the control and remote control of operating motors used for blinds, screens, curtains, shutters, windows, doors, garage doors, gates and grills; electric actuating devices containing a motor; electric drives containing a motor; remote control devices; detectors; sensors; electric motor speed control apparatus; communication bus, communication networks, transmitter; apparatus for communications by computer terminals; electric apparatus featuring a communications interface for a link to a wired or wireless communications network, or to a communication bus; multimedia devices for automated system installations in the field of construction; programmable controllers, programmable logic modules, programmable logic controllers; communication cables and wires; telecommunication equipment and apparatus on electric power transport and distribution lines; receiving units; data processing apparatus; electronic circuits, chips (integrated circuits), microcontrollers; electronic printed circuit cards, electronic microcircuits, execution and operation software for microcircuits or electronic cards or components; microprocessors; cards with microprocessors; electronic tags and memory cards containing data or programs used for authenticating and/or access control and/or for transmitting parameters to systems in buildings; computers, software, microprocessors, microcommands for the analysis, protection, inspection, measurement, signalling, regulation, setting, monitoring, maintaining, supervision, design, management, control and remote control of lighting, heating, cooling, humidifying, ventilating, air-conditioning, energy consumption, fire safety, access control and energy management systems; software applied to the protection and control, managing and/ or surveillance, monitoring and programming of electric installations and networks as well as programmable automated systems and technical management installations for buildings; programmable logic modules, programmable logic controllers; communication cables and wires; telecommunication networks and communication networks; programming, operating and supervising software for automated processes; software for remote configuration functions; communication software.

Cl.11; Sockets for electric lights; LED lighting systems, namely, LED modules, power supplies, and wiring; parabolic mirrors designed for the collection of solar energy; solar energy based cooling and heating apparatus; solar energy receivers; accent lights for indoor use; ceiling lights; wall lights; solar light fixtures, namely, indoor and outdoor solar powered lighting units and fixtures; light diffusers; light bulbs; light fixtures; electric radiant heaters; water heaters; ventilation exhaust fans; bathroom exhaust fans; ceiling fans; electric heating fans. Apparatus for lighting, heating, steam generating, cooling, refrigerating, drying, ventilating and air-conditioning buildings; water supply and sanitary purposes.

Cl.36; Venture capital services, namely, providing financing to emerging and start-up companies; providing venture capital, development capital, and investment funding; venture capital advisory services; venture capital fund management; intellectual property venture fund services; incubation services, namely, providing financing to inventors, starting and managing businesses, namely, financing of inventions, financial services, namely, investment management, financial services, real estate investment and consulting thereto; investment fund management and administration; financial advisory services, administration and valuation of financial investments; financial analysis services; financial portfolio management services.

Cl.37; Construction, installation, repair and maintenance services for electrical and automated systems installations and equipment; construction, installation and maintenance services for installations and equipment used for research and engineering in the field of electricity, home and building automation and automated systems; construction, installation and maintenance services for monitoring and safety equipment and for installations in the field of electricity, home and building automation and automated systems; installation, maintenance and repair of lighting, heating, cooling, humidifying, ventilation, air-conditioning apparatus and installations for homes and buildings; installation and maintenance services for security installations, including via a telecommunications network; installation and maintenance of intelligent systems for buildings and individual houses; installation and maintenance of home and building automation installations and programmable automatons and installations for technical management of homes and buildings; technical services for the installation, maintenance and repair of computers and computer peripheral equipment; consulting and information on construction.

Cl.39; Distribution and transmission of electricity; distribution of energy; electricity distribution; water supplying; water distribution; management of vehicular traffic flow through advanced communications network and technology.

Cl.42; Networking of building and home controls, namely, wireless and wired lighting controls, thermostat and heating controls, rolling shutters and door controls, appliance controls, namely, oven, washer, dryer, refrigerators, dishwashers, building and home audio and video controls; technology planning and consulting in the field of solar energy; design and inspection of fire alarm, detection and suppression systems; maintenance assessment of the performance and reliability of alarm systems; integration of computer systems and networks; design and development of wired and wireless computer networks; consultation in the field of enabling users to remotely view, monitor, program, operate and control large and small appliances, electrical systems and security systems in buildings and homes; building and home connectivity services, namely, design and development of wired and wireless computer networks for buildings and homes. Services of engineers, laboratory work, engineering work (not for construction) in the fields of electrical energy management and building management; research and development work and study of technical projects and new products in the fields of electrical energy management, building management and home automation for environmental protection purposes; information in the field of research and development relating to energy; consulting, expert reports and materials testing in the fields of electrical energy management and building management; monitoring and control services for electrical, home automation and automated systems installations and equipment; building control services (surveillance, technical control, quality control); quality and compliance certification; computer programming, software development and database design in the fields of electrical energy management and building management; design, production and management of information and computer technology systems; programming home automation installations as well as programmable automated systems and technical management installations for buildings; monitoring (supervision) of energy consumption; technical studies and advice on energy consumption distribution; technical evaluations and appraisals of energy consumption; construction consulting.
