Proposed to be Used
IR DIVISION

Computer hardware for optical motion sensing and tracking, as well as for capturing gesture recognition, consisting of
electronic sensors, cameras, and energy projectors, namely, electromagnetic audio and sound emitters; computer
hardware and software systems, comprised of stand-alone computer peripheral devices, as well as hardware and software
for third party manufacturers and software developers to embed into their products, for enabling optical motion sensing
and tracking and responsive operation and control of third-party computational and entertainment devices, including
responsive operation and control through gesture recognition; computer software, in the nature of a software development
platform allowing third party developers to enable their applications and equipment to be controlled using motion sensing
and tracking and using gesture recognition; computer software for motion sensing and tracking, as well as gesture
recognition, for enabling responsive operation and control of third party personal computing and entertainment devices
and global computer, communications, and entertainment networks.

Mark to be used as a whole.

testing of computers; testing of data processing systems; testing of data processing systems; testing of electronic components; testing of electronic components; testing of protective equipment; testing of scientific instrumentation; testing services for alarm and monitoring systems; testing services for the certification of quality or standards; testing the functionality of apparatus and instruments; testing the functionality of machines; website load testing services; website usability testing services; computer engineering; computer assisted engineering design services; computer-aided engineering design and drawing services; computer-aided engineering design services; calibration services relating to medical clinical trials; research and development; research and development in the pharmaceutical and biotechnology fields; scientific research in the field of social medicine; scientific research and development; scientific investigations for medical purposes; research relating to pharmaceuticals; research relating to the
design of computer hardware; advisory services relating to design engineering; advisory services relating to interior design; advisory services relating to computer systems design; advisory services relating to computer hardware design; advisory services relating to building design; advisory services relating to the design of aquaria; advisory services relating to industrial design; animation and special-effects design for others; animation design for others; art work design; brand design services; custom design services; custom art design; creative services; computer-aided manufacturing design for manufacturing operations; computer aided design of molds; computer aided design services; computer aided graphic design; computer-aided industrial design; computer aided part and mould design services; computer design; computer design research; computer design services; computer graphics design services; computer graphics services; computer hardware and software design; computer hardware design; computer hardware design services; computer hardware development services; computer hardware services; computer site design; computer site design services; computer site design consultancy; computer site design services; computer systems design; computer systems design services; computer systems design consultancy; constructing an Internet platform for electronic commerce; consultancy in the field of technological design; consultancy in the field of office and workplace automation; consultancy services relating to design; consultancy services for designing information systems; consultancy with regard to webpage design; consumer product design; creating and designing webpages for others; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining computer sites (web sites) for others; creating and maintaining web sites for others; creating and updating of home pages for computer networks; creating, designing and maintaining web sites; creating electronically stored web pages for online services and the Internet; creating home pages for others; creating of home pages for computer networks; creating or maintaining web sites for others; creating websites; creation and maintenance of web sites for others; creation and provision of web pages to and for third parties; creation of Internet web sites; custom design and engineering of telephony systems, cable television systems and fiber optics; custom design services; database design; database design and development; database development services; designing and creating web sites for others; design and development of diagnostic apparatus; design and development of testing and analysis methods; design and development of endoprostheses; design and development of prostheses; design and development of new technology for others; design and development of medical diagnostic apparatus; design and development of databases; design and development of computer databases; design and development of telecommunication systems; design and development of telecommunications networks; design and development of new products; design and development of multimedia products; design and development of networks; design and development of computer hardware; design and development of electronic data security systems; design and graphic arts design for the creation of web pages on the Internet; design and graphic arts design for the creation of web sites; design and maintenance of computer sites for third parties; design and maintenance of web sites for others; design and planning services relating to telecommunication equipment; design (computer system -); design consultancy; design consultation; design feasibility studies; design (industrial -); design of artwork; design of audio-visual creative works; design of board-games; design of brand names; design of communication systems; design of computer cluster configurations; design of computer databases; design of computer database; design of computer hardware; design of computer hardware for the manufacturing industries; design of computer microchips; design of computer systems; design of computers; design of diagnostic apparatus; design of electric circuit boards; design of exhibition stands; design of games; design of hardware for audio and video operators; design of graphics and of livery for corporate identity; design of hardware for compression and decompression of multimedia contents; design of hardware for data and multimedia content conversion from and to different protocols; design of hardware for digital signal processing; design of hardware for multimedia data storing and recalling; design of hardware for processing and distribution of multimedia contents; design of headgear; design of home pages; design of home pages and web sites; design of homepages and Internet pages; design of homepages and websites; design of industrial products; design of information systems relating to management; design of information systems relating to finance; design of instruments; design of integrated circuits; design of logos for corporate identity; design of manufacturing methods; design of mathematical models; design of measurement systems; design of mobile telephones; design of models; design of optical components; design of packaging; design of printed material; design of printed matter; design of products; design of storage systems; design of telecommunications apparatus and equipment; design of three-dimensional computer-aided modeling; design of three-dimensional computer systems; design of three-dimensional computer systems for computers; design services for computer hardware; design services for art-work; design services for data processing systems; design services for display systems for exhibition; design services for display systems for promotional purposes; design services for display systems for presentation purposes; design services for exhibitions; design services relating to computer systems; design services relating to data processing systems; design services relating to electronic products; design services relating to integrated circuits; design services relating to integrated circuits; designing and developing webpages on the Internet; designing and developing web pages; designing and implementing homepages and Internet pages; designing of computer systems; designing of computer hardware; designing of electronic systems; designing of electronic systems; designing of microchips for others; designing websites for advertising purposes; development and design of digital sound and image carriers; development, design and updating of home pages; development of diagnostic apparatus; development of hardware for audio and video operators; database design; house design services; homepage and webpage design; hardware design; graphic illustration services for others; Internet web site design services; maintaining (creating and -) web sites for others; mathematical models (design of -); microchip design services; new product design; new products (design of -); packaging design; packaging designs; product design; product design and development; product design services; product development; product development consultancy; product development for others; product research and development; providing information in the field of interior design via a website; providing information about fashion design services; providing information in the field of interior design via a website; providing information in the field of product design; providing information in the field of product development; providing information in the field of architectural design via a website; provision of information relating to industrial design; rendering of computer graphics (digital imaging services); scientific and technological design; services for the design of computer systems; services for the industrial design of computers; tool design; toy design; visual design; web site design and creation services; web site design consultancy; web site design and development; website design consultancy; website development for others; website development services.
