CI.36; Financial affairs; insurance services; monetary affairs; real estate affairs; raising or investing capital; capital investment; financial evaluation (insurance, banking, real estate); financial affairs and monetary operations in connection with energy, electricity, environment, photovoltaic, wind power, marine turbines, geothermal power, hydraulic, thermal energy, wind energy, bioenergy, renewable energy, biomass energy, geothermal energy and solar energy; financial advice in the field of energy consumption, energy production and energy storage; investment consultancy; the financial and budgetary estimations in the field of energy; stock market information and inquiry services; shareholding in any financial, commercial, industrial, securities or real estate company or business; management of financial and stock market, securities and real estate portfolios; investment in shareholders' equity; establishing, investing and managing funds; venture, investment and development capital operations; financial management of corporate shares and shares held in other companies; financial engineering; stock exchange operations; financial transactions, in particular on wholesale markets of energy, gas and electricity; measuring of raw material price changes and fluctuations; stock exchange brokerage in the field of energy; brokerage of raw materials (gas, coal and hydrocarbons); management, valuation and carbon credit, namely brokerage of carbon credit; insurance consultancy and information in the field of renewable energy; insurance in the field of energy activities and intended for companies and individuals; insurance services with respect to the repair of production, distribution and storage equipment and installations for energy; insurance contracts covering electrical installations and electrical equipment; financial consultancy concerning pricing offers in the field of energy consumption and management; financial studies and advice for improving, developing and renewing energy installations and equipment; financial information services in the field of energy; financial information and advice, especially relating to energy consumption, energy supply and choice of selected electric plants and equipment; financial advice on the basis of criteria regarding technical features, cost and control of energy consumption; financial analysis for the shortlisting of products for third parties and financial advice on the choice of energy, electrical and industrial equipment likely to meet current standards and regulations; financial information and financial advice on the costs of electrical apparatus and the operation thereof; financial information and financial advice relating to the cost of energy; financial loans, especially in the field of the development and improvement of energy installations; financing services, in particular in the field of renewable energy; financial loans, especially for the purchase of energy installations and equipment, electrical installations, heating installations or installations running on all types of energy; financial engineering, especially on energy installations and equipment, and work to achieve energy savings; Loans, especially for the acquisition of energy installations and equipment, and for the construction of new buildings which are energy efficient and environmentally friendly; financial advice relating to fiscal deductions and advantages and tax savings and credits promoting energy savings and sustainable development; financial estimates for improving the energy, heating and environmental efficiency of buildings, industrial sites and real estate parks; expertise, transactions, information and real estate management, in the field of renewable energies; financial sponsorship; financial sponsorship of associations, clubs or societies for sports,
leisure or education, sporting events and competitions, exhibitions and events for cultural or educational purposes; seeking financial partnerships; financial assistance for association and company creation; collection and distribution of donations; financing of scientific studies, projects and programs in the field of renewable energy; subsidies and financial assistance; company funding, for colleges, universities, public institutions and associations for the implementation of projects in the field of environmental protection, new energies, the preservation of natural resources, sustainable development, transport and electric mobility, solidarity and culture; financial sponsorship services; consultations, advice, information and assistance relating to all the aforesaid services.

Cl.37; Construction; building (construction) supervision; demolition of buildings; construction, installation, maintenance, renovation, maintenance, repair, disinfection, disinfection, dismantling and renovation of electric apparatus and installations, energy apparatus and installations, apparatus and equipment for the production, storage and distribution of energy, lighting apparatus, heating apparatus, apparatus for air conditioning electrical apparatus, photovoltaic panels, solar panels, wind turbines, boilers, furnaces, burners; construction, installation, servicing, maintenance, repair, restoration, disinfection, disinfection, dismantling and renovation of thermal power plants, hydroelectric power plants, hydraulic plants, dams, wind farms, oil pipelines, gas pipelines, gas pipelines, power lines; photovoltaic farms, tidal plants, geothermal power stations and biomass power stations; construction, installation, maintenance, renovation, maintenance, repair, disinfection, disinfection, dismantling and repair of apparatus and installations for cooking, refrigeration, ventilation, air conditioning, water supply and sanitary installations, industrial structures; provision of industrial structures and installations and equipment for the production, storage and/or distribution of energy; construction, maintenance and repair of installations for the provision and/or storage and/or production and/or distribution of energy especially from renewable sources; inspection services for building construction projects; installation and maintenance services for any protection system for security installations for buildings and installations for providing and/or generating and/or distributing power), also via a telecommunications networks; construction, maintenance and repair of electricity transportation and distribution lines; installing and relocating electricity meters and gas meters; construction, maintenance and repair of gas transportation pipelines, fluids and solids, in the field of renewable energy; construction, maintenance and repair of underwater wave and tidal installations and channels for transporting energy; information on construction, maintenance and repair of apparatus and installations in the field of renewable energy, sustainable development, environmental protection, natural resource preservation and efforts to combat climate change; construction consultancy; advice for the construction of installations for the production, storage and distribution of electricity and energy, and power stations, thermal power plants, hydroelectric power plants, hydraulic plants, dams, wind farms, oil pipelines, power lines, oil installations, marine turbine farms, photovoltaic farms, tidal plants, geothermal power stations and biomass power stations; monitoring, management of installation work, servicing, maintenance and repair of apparatus for producing, provision, storage and distribution of energy; public works in the field of renewable energy; installation, maintenance and repair of any system for the protection and security of property and individuals; maintenance of installations for technical management of buildings; construction, installation, repair, maintenance, inspection of installations and equipment for the production, storage and distribution of renewable energy; management services for operating and management of installations for the production and storage of energy from renewable sources; installation, maintenance and repair of photovoltaic cells, modules and panels, machines for the manufacture of silicon panels and photovoltaic cells and modules; installation of photovoltaic power plants and parks, maintenance and repair of photovoltaic installations and parks and any other energy production system; information on construction, maintenance and repair of apparatus and installations in the field of renewable energy, sustainable development, environmental protection, natural resource preservation and efforts to combat climate change; works to exploit geothermal resources; supervision, management of installation, servicing, maintenance and repair works on apparatus for the production, provision and distribution of energy; cleaning, sanitation, maintenance and repair of installations for the production of energy and electricity, equipment and apparatus in the field of production, distribution and storage of energy; consultations, advice, information and assistance relating to all the aforesaid services.

Cl.39; Transport, packaging and stockpiling of goods in the field of renewable energy; transport, procurement (distribution), storage and distribution of energy and electricity, gas, hydrocarbons, heating, water, steam, thermal energy, wind, marine turbine, marine turbine, hydroelectric, oil, bioenergy, renewable energy, biomass energy, geothermal energy, solar energy; operation of energy transmission and distribution networks for third parties, namely the operation of overhead, underground and underwater pylons and power lines; technical management of energy transmission and distribution networks for third parties, namely overhead, underground and underwater pylons and power lines and switching and channeling electricity flows; stockpiling of data media or documents stored in electronic format, in the field of renewable energies; storage of solar energy; energy storage; freight brokerage, transport brokerage, shipping brokerage in the field of renewable energy; collection services by air, land or water, stockpiling and storage of fuels, ores, materials and waste, in the field of renewable energies; delivery by post of non-advertising material concerning energy, its production and distribution; storage and distribution of energy and electricity; gas, hydrocarbons, heating, water, steam, thermal energy, wind, marine turbine, geothermal, hydroelectric, oil, bioenergy, renewable energy, biomass energy, solar energy, gas, steam and water; consultations, advice, information and assistance relating to all the aforesaid services.

Cl.40; The production of energy, electricity, gas, heating, water, steam, thermal energy, wind energy, hydraulic power, hydroelectric energy, marine turbine energy, oil, bioenergy, renewable energy, biomass energy, geothermal energy, solar energy; rental and provision of installations for energy production, especially from renewable sources; rental of solar (photovoltaic) installations and solar collectors, electrical installations, wind turbine installations and marine turbine installations; sorting of fuels; pollution control services; decontamination, cleaning and sanitation, pollution control services, installations for the production of energy and electricity, equipment and apparatus in the field of production of energy; deodorizing, purification and cooling of air, purification and decontamination of waste water, industrial waste; waste treatment (transformation); sorting and recycling of waste and transformation material (processing); processing and transforming of fuels for the production of energy; custom assembly of materials for third parties; processing and
transformation of silicon, silicon ingots; assembly of photovoltaic cells, sheets and modules at the request of third parties; screen printing of silicon sheets; professional consultations regarding the production of energy, electricity, gas, heating, water, steam, thermal energy, wind energy, hydraulic energy, hydroelectric energy, marine turbine energy, oil, bioenergy, renewable energy, biomass energy, geothermal energy, solar energy; information and advice on installations for the production of energy, electricity, gas, heating, thermal energy, wind energy, hydro power, hydroelectric energy, marine turbine energy, oil, bioenergy, renewable energy, biomass energy, geothermal energy, solar energy; decontamination of electrical apparatus and installations energy apparatus and installations, equipment and installations for the production, storage and distribution of energy; lighting apparatus, heating apparatus, air conditioning apparatus, electrical apparatus, photovoltaic panels, solar panels, wind turbines, boilers, furnaces, burners; decontamination of thermal power plants, hydroelectric power plants, hydraulic plants, dams, wind farms, oil pipelines, gas pipelines, gas transportation pipelines, power lines, photovoltaic farms, tidal plants, geothermal power stations and biomass power stations; decontamination apparatus and installations for cooking, refrigerating, ventilating, air-conditioning, supply of water and sanitary purposes, industrial structures; consultations, advice, information and assistance relating to all the aforesaid services.

C1.42: Engineers' services involving evaluations, estimates, research and reporting in scientific and technological fields; technical project study; engineering services; surveying (engineering work); research and development of new products for others; design, development, installation and maintenance, updating or rental of software; programming for computers; physical and chemical analyses; preparation of plans for construction in the field of renewable energy; architectural services; architectural advice for environmental protection, new energy source development, natural resource preservation, implementing sustainable development and town planning projects; scientific and technological research in the field of energy; technical advice and technical assistance (engineering) in the field of energy; research and development in the field of electrical engineering, the production, storage and distribution of electrical energy, wind energy, solar energy, hydraulic energy, geothermal energy, thermal energy, climatic energy, energy obtained from biomass, renewable energy; technical advice and technical expertise in the field of production, storage and distribution of electrical energy, wind energy, solar energy, hydraulic energy, geothermal energy, thermal energy, renewable energy; seeking technical and technological partnerships between industrial and university research and development services; digital simulation surveying (engineering services); engineering services for improved management of production, storage and distribution of energy; technical advice on the production and distribution of energy; advice and technical assistance (technical assessment) on energy production installations; engineering services for evaluating electricity needs and availability and adaptation of tools for the distribution of electricity; engineering services for the design and construction of new installations for the production, storage and distribution of energy; research and development related to waste treatment; technical advice in the field of energy-saving; environmental protection-related research; technical studies to evaluate and optimize the energy performance of apparatus, structures and industrial sites; technical advice and consulting on environmental protection and the development of renewable energy; technical studies and research on processing of movable work and stationary apparatus; technical advice and technical assistance (engineering) in the field of energy, sustainable development, ecology, town planning, environmental protection, limiting waste and pollution, natural resource preservation and efforts to combat climate change; studies, research and expert reports provided by engineers in the fields of energy, the environment, natural resources, sustainable development and town planning; technical evaluations and estimates of energy consumption; technical advice, technical information and expert reports (engineering work) on air-conditioning, lighting and heating; technical information and technical advice relating to the limiting of energy consumption; technical data advice by engineers for the use of energy and electrical apparatus and installations; technical advice provided by engineers for the purchase and selection of energy and electrical apparatus on the basis of technical criteria linked to their technical performance; energy consumption (energy consumption measurement and analysis) products for third parties and technical advice in the selection of energy, electrical and industrial equipment likely to meet current standards and regulations; technical information and advice on energy and electrical safety; technical studies, analysis and diagnosis carried out by engineers for the installation of apparatus for the manufacture, provision and/or distribution and/or storage of energy, electricity, gas, heating and water; technical advice and technical information regarding power and electricity costs; research and development in the field of thermal insulation, protection of buildings from the sun and the climate; advice and technical information relating to thermal insulation and the protection of buildings from the sun and the climate, namely valuations (engineering work); advice and technical information for the evaluation and modification of the power for an electric and/or gas meter namely valuations (engineering work); technical advice and information provided by engineers for the selection of professionals for carrying out work, namely valuations (engineering work); technical information and advice provided by engineers for selecting installers of energy equipment, namely valuations (engineering work); energy efficiency diagnostic services; energy, thermal and environmental analysis of industrial buildings and sites (quality control); technical appraisals relating to the transfer of technology; technical advice and technical assistance (engineering) for the transfer of technology and know-how; quality control of energy and electricity installations; testing of materials; technical testing regarding energy, electricity, heating, air-conditioning, lighting, home automation, ergonomics; technical consulting for the purpose of assisting others in aligning the personnel, products, equipment, industrial installations or premises thereof with standards and regulations in force; audits regarding the security and compliance of installations for the production, distribution and storage of electricity and energy with current regulations; technical assistance for certification and accreditation (quality control); quality control of apparatus for the production, storage and distribution of energy; technical inspection of and expertise on energy plants; technical control and expert appraisals (surveying) of facilities running on all types of energy; information and advice on installations for the production, transport, provision, distribution and storage of electrical energy, in particular electric, wind, solar, photovoltaic, thermal, hydraulic, tidal, geothermal, hydroelectric, oil, bioenergy, renewable energy, biomass energy, solar energy, gas, steam and water; Cl.5; Common metals and their alloys; unprocessed and processed metal or metal ores; base metals and base metal ores; metal building materials; building materials made wholly and principally of metal, namely, siding, soffit, fascia, window sills, roofing sheet, siding sheet, architectural shapes, structural shapes, highway and bridge railings and parts and fittings therefor; pipes and tubes of metal; ores of metal; sheets of metal; metal in sheet form for lithographic printing plates; semi-finished painted metal in sheet form; bags, pouche, envelopes and foils all made wholly or principally of metal; non-electric cables and wires of common metal; semi-finished matrix metal composites; molten metal; tailored blanks for stamping; metal rods; bars of metal; metal rolled products; aluminium compression dead end body, jumper terminals; bauxite reinforced aluminium; aluminium and aluminium alloy wire, rod, bar, rivets and electrical conductor accessories namely aluminium compression joints; aluminium and aluminium alloy slab, blooms, billets, plates, pipes, slugs, blanks, unfinished castings, ingot, sheet, tubes, extrusions, conduit, foil, nails; aluminium foil, foil sheets or containers made wholly and principally of metal for household, catering, cooking and wrapping purposes; printed foils; armor rod wrenches, ferrule presses and dies; closure stock for the manufacture of bottle caps or aluminium containers; windows, decorative shutters, doors, and eaves troughs made wholly and principally of metal; magnesium and magnesium alloys in the form of ingots; containers, pressure containers; metallic powders; compressor blades; gallium.
in ingot form and products made from gallium, namely, wafers and epitaxial wafers; nails, screws, rivets and other fasteners; ladders, fencing, handrails, guard rails, vehicle crash barriers, poles, tripods, traffic signs and automobile registration plates, all made wholly or principally of metal; zinc; zinc and its alloys; zinc ores; lead; lead, unwrought and semi-wrought; lead ores; lead ingots; nickel; tin; iron; iron ores; ferrous and non ferrous matters and ores; safes; ores; small boat anchors; manganese; chrome; steel compression joints, steel compression dead ends, repair sleeves, clamps, clips, taps, connectors, armor rods, vibration dampers, welding wire.

Cl.7; Mining and mineral processing machinery and equipment, including crushers, borers, feeders, reactors, centrifuges, separators, jigs and ore treating machines; earth moving machinery in this class, including excavators, bulldozers, dumpers and graders; machine and tools including modified bolt croppers, hydraulic hand compressors, motorized hydraulic compressors and parts and fittings for all aforesaid tools and machines; drilling machines; extractors for mines; mine-impurity precipitation machine; mine sundries removing machine; machine coupling and transmission components (except for land vehicles); motors and engines (except for land vehicles); agricultural implements other than hand-operated; converters for steelworks; feeders (parts of machines); magnetic separator; flotation engine; mine-working machines; ore treating machines; cinder sifters (machines); haulage apparatus (mining); apparatus for dressing; glaziers' diamonds (parts of machines); internal combustion engine pistons; parts and accessories for the aforesaid machines and/or tools.

Cl.14; Precious metals and their alloys including refined and unrefined gold, dore, gold bullion, silver bullion, platinum and platinum group metals; precious and semi-precious stones and gemstones, and jewellery incorporating the same; jewellery incorporating diamonds; ingots and alloys of precious metals; silver, unwrought or beaten; gold, unwrought or beaten; palladium; rhodium; ruthenium; iridium; osmium; diamonds, watches and parts thereof; cut and uncut diamonds for jewellery and for industrial purposes; horological and chronometric instruments.

Cl.35; Wholesale and retail services (or sales promotion for others) in relation to metals, minerals, diamonds, gems and gemstones and fuels; arranging and conducting auction sales in the fields of diamonds; advertising, marketing and buying, in relation to the iron ore mining and the sale of precious and semi-precious stones and gemstones, jewellery, diamonds, base metals and common metals including unwrought and partly wrought common metals, alloys, including iron alloys, ores, metallic ores, and metal concentrates and metallurgical products; business planning and business administrative services relating to the exploration, evaluation, development, mining, processing and marketing of precious and base metals; infrastructure management and infrastructure services, namely, providing business/management services for the operation and management of mine sites; market surveys and studies, namely, such surveys and studies for the mining industry; business advice, assistance, consultancy, analysis, information, management and administration, including, the provision of such services to and in conjunction with community based organizations and in respect of various community based projects relating to environmental management, protection, conservation and care, economic development, scientific based land care, protection and maintenance of wildlife and flora; business advice, assistance, consultancy, analysis, information, management and administration, including, aboriginal education, aboriginal culture and aboriginal sport, water quality, land degradation, land erosion and land salinity; economic forecasting, import-export agencies, procurement services for others (purchasing goods and services for other businesses), sales promotion (for others), compiling research and statistical data, cost price analysis, economic forecasting, commercial or industrial management assistance, public relations, personnel management consultancy, all relating to mining and the mining industry, metal, gas and oil processing, environmental management, protection, conversion and care, economic development, scientific based land care, protection and maintenance of wildlife, aboriginal health, aboriginal education, aboriginal culture and aboriginal sport, all to quality, and land degeneration, land erosion and land salinity; retail services connected with the sale of diamonds via a distributorship; information and advisory services related to the aforesaid.

Cl.36; Financial services being financial analysis, financial management and capital investment services; financial, funding, fundraising and banking services; financial and monetary affairs; financial consultancy, advice and information; fund management and investment management; financing loans; security brokerage; valuation of diamonds, gemstones and other precious stones, jewellery and precious metals; charitable fund raising; funding and providing scholarships; provision of funds and the undertaking of fundraising of projects; provision of funds and the undertaking of fundraising of projects in relation to education, environmental management, protection, conservation and care, economic development, scientific based land care, protection and maintenance of wildlife and flora, aboriginal health, aboriginal education, aboriginal culture and aboriginal sport, water quality, land degradation, land erosion and land salinity; financial programs that focus on the development of rural and urban areas; insurance; real estate affairs; capital investments; providing information on commodity sales.

Cl.37; Mining; mining of diamonds; mining extraction; mine exploitation; mining and quarrying services; mining of metal, diamonds, zinc, lead, silver, copper, and aluminium; mining diamonds, precious gems, gemstones, semi-precious gems and precious metals; mining diamonds, precious gems, gemstones, semi-precious gems and precious metals; drilling of wells; drilling of deep oil or gas-wells; tunnelling; extraction of oil; oil-field exploitation; gas drilling; gas extraction; shaft sinking; building and construction services; civil engineering construction; construction of underground shafts; construction of railways; construction of roads; demolition services; rental of tools, plant and equipment for construction and demolition; pipeline construction and maintenance; machinery installation, maintenance and repair; heating equipment installation and repair; underwater construction and repair; repair and installation services; rental of automotive machinery for use in mining; repair or maintenance of mining machines and apparatus; information and consultation services in connection with the aforesaid.

Cl.39; Transport of materials by ship, rail and air; cargo transportation; transport by pipeline; dross collection; providing tracking services to others whereby the movement, location, distribution, and processing of diamonds, gems, and gemstones is monitored and tracked; packaging and storage of goods; packaging and storage of chemicals and metals; hauling; rental of transport vehicles; distributing diamonds, precious gems and gemstones, semi-precious gems and gemstones; operating, arranging and conducting tours; electrical power transmission; power supply and distribution;
distribution and transmission of electricity.

Cl.40; Treatment of metal; treatment of diamonds; dross treatment; heat treatment of ores; ware treatment; treatment of waste materials; treatment of minerals, ores, concentrates and mineral substances; treatment of hazardous materials; chemicals and metals extraction and processing; metal casting and tempering; metal processing, refining and smelting services; refining services; extraction, processing, refining and smelting services; diamond processing, namely, laser engraving of diamonds and other gemstones for others; processing, sorting, cutting and polishing diamonds, gemstones and other precious stones for others; diamond refining and deep diamond boiling processing services, namely, exposing diamonds to solvents, concentrated caustics and acids under high temperatures and pressures, and other treatment of diamonds; millworking; recycling, recovery, purification, treatment and reprocessing services, all for common metals and their alloys and articles made wholly or principally therefrom; generation of power; electrical power generation; generation of electricity; production of energy; processing of gas; processing of iron oxides; metallurgical processing; processing of zinc, lead, silver, copper and aluminium; metallurgical smelting; processing of metal, diamonds, zinc, lead, silver, copper, and aluminium.

Cl.41; Provision of educational and training services; provision of educational and training services to community based organizations and groups as well as land owners and students in relation to various community based projects namely environmental management, protection, conservation and care, economic development, scientific based land care, protection and maintenance of wildlife, aboriginal health, aboriginal education, aboriginal culture and aboriginal sport, water quality, and land degeneration, land erosion and land salinity; academies (education); correspondence courses; arranging and conducting of workshops (training); organization of competitions (education or entertainment); organization of exhibitions for cultural or educational purposes; arranging and conducting of conferences; entertainment; entertainment by means of videos, internet, television, film, recordings via cable, electronic media; provision of vocational training courses; training and educational services relating to the arranging and conducting of training workshops, conferences and symposiums; practical training; management of entertainment services; museum services; provision of museum facilities; museum exhibitions; museum services; exhibitions on mining, conservation, construction and science; electronic publications (not downloadable); providing on-line electronic publications; publication of electronic books, magazines and journals on-line; providing publications from a global computer network or the internet which may be browsed; information relating to education and entertainment services; publication of books and training manuals; arranging and conducting of conferences, seminars, exhibitions and symposiums; provision of educational and training services; provision of educational and training services to community based organizations and groups as well as land owners and students in relation to various community based projects including environmental management, protection, conservation and care, economic development, scientific based land care, protection and maintenance of wildlife, aboriginal health, aboriginal education, aboriginal culture and aboriginal sport, water quality, and land degeneration, land erosion and land salinity; information, advisory and consultancy services relating to all the aforesaid.

Cl.42; Mining and mineral exploration services; planning services for mining and quarrying operations; exploration services relating to oil, gas and mining industries; geological services and grading diamonds, precious gems and gemstones, and semi-precious gems and gemstones on behalf of others; research development and technical services for the mining and metallurgical industries; geological and mineralogical prospecting, exploration, research and survey; development and research relating to the oil, gas, and mining energy supply industries; technical/technological consultation and research in the mining and metallurgical industries; industrial analysis and research services; chemical analysis and research; research in the field of environmental protection; oil prospecting; oil-well testing; oil-field surveys; analysis for oil-field exploitation; engineering; verifying and certifying diamonds, gems, and gemstones in respect of character and quality, methods of production, processing, and finishing, mine or country of origin in which items was mined, chain of processing and distribution between mine and wholesale and retail outlets; designing and engineering services relating to the exploration, evaluation, development, mining, processing and marketing of precious and base metals; geophysical exploration for the oil, gas and mining industries; scientific and technological services and research and design relating thereto, technical research, technical/technological consultation and engineering services, scientific and industrial research, design and development of computer hardware and software, all relating to mining and the mining industry, metal, gas and oil processing, environmental management, protection, conversion and care, economic development, scientific based land care, protection and maintenance of wildlife, aboriginal health, aboriginal education, aboriginal culture and aboriginal sport, all to quality, and land degeneration, land erosion and land salinity; information and advisory services relating to all the aforesaid services.

Cl.43; Restaurant, cafe, bar and catering services; catering of food and drinks; catering in fast-food cafeterias; serving food and drinks; preparation of food and drink; hospitality services [food and drink]; corporate hospitality (provision of food and drink); booking and reservation services for restaurants, cafes and bars.

Cl.44; Medical services; medical care services; medical consultation; medical information; medical clinics; medical assistance; medical advisory services; medical information services; medical health assessment services; provision of medical treatment; provision of medical assistance; veterinary services; veterinary and agricultural services; veterinary advisory services; veterinary surgical services; veterinary assistance; information services relating to the veterinary pharmaceutical industry; information services relating to veterinary pharmaceuticals.

NOTICE

Applicants for registration of Trade Marks and their agents are particularly requested to quote in their replies full and complete Reference Letter No. and date, application number and the class to which it relates and send to the concerned office of Trade Marks Registry. This would facilitate quick disposal of letters.
