Computer security and privacy software; computer antivirus software; utilities software; computer software for the creation of firewall; computer software for use in browsing the Internet; computer software for system cleaning and optimization; computer software for developing and operating cloud computer networks and applications; computer software platforms for cloud computing networks and applications for use in database management and electronic storage of data; computer software used for providing search engine services; computer software for use in testing and evaluating the function of mobile devices and computers; computer game software; computer hardware; robot electronic accessories, namely, microphones, audio speakers, cameras, video cameras, electric wires, charging cables and battery charging devices, power supply connectors, batteries, power supply adaptors, computer hardware, computer networking hardware, mobile device cradles, computer printers, multimedia projectors, computer screens, computer peripherals therefor, structural parts for personal robot external appearance customization, and carrying cases, holders, and protective cases all specially adapted for holding the aforementioned robot electronic accessories; robotic software and hardware, namely, robot operating system programs, software for interfacing with a robot, actuator interfaces, environmental mapping software, navigation software, software for simulating computer-generated personalities, speech recognition, and voice synthesis software, remote modeling and feedback software, software for configuring and maintaining robots; Air analysis apparatus; Audio and video transmitters and receivers; Automatic cash register; Automatic teller machine; Battery chargers; Batteries and chargers for robots for personal, educational and hobby use; Battery chargers for vacuum cleaners, automatic floor cleaning machines, home outdoor and lawn care maintenance and industrial robots; Cable television installations in the nature of cable television transmitters; Cameras; Cases for smartphones; Computer chatbot software for simulating conversations; Computer hardware and software for use in multitasking and network programming for motion control of robots; Computer memory devices; Computer software development programs for developing software for robots and robotic enhanced products; Computer software for controlling a smart lamp; Computer software for controlling robots for personal, educational and hobby use; Computer software for controlling the movements of robots; Computer software for home video game consoles; Computers; Document printers for computer; Downloadable communication equipment namely, wireless communication devices for voice, data or image transmission; Downloadable computer application software for providing language interpretation and translation; Downloadable computer software and computer application software for interfacing personal robots with other electronic devices, computers, robots, databases, networks, and online and mobile services; Downloadable electronic books in the field of artificial intelligence and robotics; Downloadable image files; Downloadable music files; Electrical sockets for use with artificial intelligence; Electronic access control systems for interlocking doors; Electronic book readers; Electronic doorbell for use with artificial intelligence; Electronic interpreter in the nature of hand-held electronic dictionaries; Electronic pocket translators; Electronic publications; Electronic scale being a scale featuring body mass analysis and measurement; Electric theft prevention installations, namely theft alarms; Electronic translation machines and electronic interpreter apparatus and their parts; Electronically encoded identity wristbands; Entertainment robots for personal or hobby use; Face recognition equipment in the nature of cameras and facial recognition and imaging processing software; Humanoid robots with artificial intelligence; Laboratory robots; Mobile computers and communication devices for voice, data, or image transmission for use with robots; Mobile robotic system comprised primarily of robots, operating software, cameras, communication systems, sensors, computers for personal human use; Multilingual electronic hand-held translators; Non-medical surveillance devices with artificial intelligence in the nature of security cameras; Personal digital assistants; Personal robots for video and audio monitoring, surveillance, and communication; Personal robots, namely, interactive social and emotive robots for personal use that provide information, entertainment, education, and communications capabilities; Remote control devices for controlling robots through a wireless communication device connection, wireless local area networking connection, and via the internet; Remote controls for vacuum cleaners, automatic floor cleaning machines, and industrial robots; Replacement parts and accessories in the nature of configuring and maintaining of robots for personal, educational and hobby use; Robotic software and hardware for controlling beverage and snack vending machines; Robots for personal, educational, or hobby use; Safety and surveillance robot surveillance devices for use with artificial intelligence, namely, electronic security tags and labels, acoustic tags, magnetic tags; Scales with body mass analyzers; Security surveillance robots; Smart bracelet in
the nature of wearable activity trackers; Smartphones; Software and sensors that allow a robotic cleaning device to sense and respond to environmental inputs; Software for configuring and maintaining robots all for use in the fields of artificial intelligence, robotics, natural language processors, algorithms, machine learning technology, case based reasoning technology; Software for translators; Speakers for use with artificial intelligence; Teaching robots; Television monitors; Television transmitters; Video cameras; Voice recognition machines and software therefor; Voice synthesizer and software therefore; Wearable computers in the nature of smartwatches and smart glasses; Wearable electronic devices, namely, wearable cameras; Wearable video display monitors; Weighing equipment, namely, scales and balances; Wired and wireless headset for smartphones. Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; Diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; Fire-extinguishing apparatus; magnetic data carriers, recording discs; compact discs, dvds and other digital recording media; data processing equipment.
