

DESIGNS

Ankita, finish your design fast.
I want to get it made in the
workshop.

Yes Papa. Look at the
beautiful design I made for
the necklace!!!

AABHUSHAN

She is making such
beautiful designs. I hope
no one copies them.

I will speak
to Mr.
Siddhant,
my lawyer
& see if I
can protect
these
designs.

Mr. Siddhant, please advise us
whether we can protect the designs
made by Ankita

Yes, Mr. Johri. It is a type of
intellectual property and can
be protected as **Designs**.

The designs make an
article attractive. In fact
I am sure that even you
buy something which
has a pretty design or
looks good to the eye

**Yes, Very
true!**

That is why
the bangles
designed by
Ankita are
sold at a
better price.

DESIGNS refers to only
the features of shape,
configuration, pattern,
ornamentation,
composition of colours or
lines or a combination
thereof applied to an
article.

Once your design is
registered, you can stop
others from copying
them.

You can apply in India at

www.ipindia.nic.in

Ankita, I have filed an application at the Indian Intellectual
property Office for a design registration. We can protect
our designs.

THANK YOU! PAPA
